3. SETUP

The Igloo Ice Cube Wheeled Roller Cooler comes pre-assembled and ready for use. No complex setup is required.

1. **Initial Cleaning:** Before first use, wipe the interior and exterior surfaces clean with a damp cloth and mild detergent. Rinse thoroughly and ensure the cooler is completely dry.
2. **Prepare for Contents:** For optimal cooling, pre-chill the cooler by placing a bag of ice inside for a few hours before adding your items.

3. **Load Contents:** Place desired food and beverages inside. For best results, use a combination of ice and ice packs.

4. OPERATING INSTRUCTIONS

Using your Igloo Ice Cube cooler is straightforward:

1. **Opening/Closing the Lid:** The lid is designed for a secure fit to maximize insulation. To open, lift firmly from the front edge. To close, press down until it seals.
2. **Extending the Handle:** Press the button on the top of the telescopic handle and pull upwards to extend it. Release the button to lock it in place.
3. **Retracting the Handle:** Press the button on the top of the telescopic handle and push downwards until it fully retracts.
4. **Transporting:** Utilize the durable wheels and extended telescopic handle to roll the cooler to your desired location. For lifting over obstacles or stairs, use the molded side scoop handles.
5. **Using Cup Holders:** Place your drinks securely in the four molded cup holders on the lid to prevent spills.

5. MAINTENANCE AND CARE

Proper care ensures the longevity and performance of your cooler:

- **Regular Cleaning:** Wipe interior and exterior surfaces clean before storing and between uses. Use water or a mild detergent for light dirt or stains.
- **Tough Stains:** For tougher stains, a diluted solution of baking soda and water can be used. Always ensure all cleaning agents are thoroughly rinsed.
- **Preventing Odors:** To prevent stains and odors, always empty the cooler of its contents and drain any melted ice after each use.
- **Drying and Storage:** Ensure the cooler is completely dry before closing the lid and storing it. Store in a cool, dry place away from direct sunlight.

6. TROUBLESHOOTING

- **Issue: Contents not staying cold.**
Solution: Ensure the lid is securely closed. Pre-chill the cooler before adding contents. Use sufficient ice or ice packs. Avoid opening the lid frequently.
- **Issue: Difficulty rolling the cooler.**
Solution: Check if the telescopic handle is fully extended and locked. Ensure wheels are free of debris. If the cooler is excessively heavy, consider using the side handles for assistance.
- **Issue: Water leakage from the drain plug.**
Solution: Verify that the drain plug is securely tightened. If leakage persists, inspect the plug for any damage or wear and replace if necessary.
