Setup Instructions

General Assembly Notes:

- Ensure all components are present before beginning assembly. Refer to the packing list provided with your product.
- Assembly may require two adults.
- Use appropriate tools as indicated in the product-specific assembly guide.

Arcade1Up Star Wars Digital Pinball Setup:

1. Carefully unpack all components, including the main cabinet, legs, and backbox.
2. Attach the legs to the main cabinet using the provided hardware. Ensure they are securely fastened.
3. Mount the backbox to the main cabinet according to the specific instructions in your product's assembly guide.
4. Connect any internal cables as directed.

5. Plug the power adapter into the machine and then into a wall outlet.

Arcade1Up 32" Screen Infinity Game Table Setup:

1. Unpack the Infinity Game Table and its legs.
2. Attach the legs to the table base. The legs are removable for tabletop play, so ensure they are firmly attached if using as a standalone table.
3. Connect the power adapter to the table and then to a wall outlet.
4. Follow on-screen prompts for initial setup, including Wi-Fi connection and software updates.

OPERATING INSTRUCTIONS

Arcade1Up Star Wars Digital Pinball Operation:

1. **Power On:** Locate the power button (often labeled ON/OFF) on the control panel and press it to turn on the machine.
2. **Volume Control:** Use the volume buttons (usually labeled VOL+ and VOL-) to adjust the audio level.
3. **Game Selection:** Use the left and right flipper buttons or dedicated navigation buttons to browse through the 10 available Star Wars pinball tables.
4. **Start Game:** Once a game is selected, press the 'Launch' or 'Start' button to begin.
5. **Launching Ball:** Pull back and release the spring-loaded plunger or press the dedicated launch button to send the ball into play.
6. **Flipper Control:** Use the left and right flipper buttons on the side of the cabinet to control the in-game flippers.
7. **Nudging:** Gently nudge the cabinet to influence ball movement, but avoid excessive force to prevent tilt warnings or damage.
8. **Settings:** Hold both flipper buttons pressed simultaneously to access game settings.

Arcade1Up 32" Screen Infinity Game Table Operation:

1. **Power On:** Press the power button to activate the table.
2. **Navigation:** Use the touch screen interface to navigate menus, select games, and interact with applications.
3. **Game Access:** Access the online store to download new games and activities.
4. **Multiplayer:** Utilize Social Play+ to connect with other players. Ensure a stable internet connection for remote play.
5. **Tactile Feedback:** Experience haptic feedback during gameplay for enhanced immersion.
6. **Dynamic Zoom:** Games may feature automatic zoom for optimal viewing during play.

MAINTENANCE

- **Cleaning Screens:** Use a soft, lint-free cloth and a screen-safe cleaner to wipe down the LCD screens. Avoid abrasive materials or harsh chemicals.
- **Cleaning Surfaces:** Wipe down the cabinet and table surfaces with a damp cloth. For the Infinity Game Table, its water-resistant surface allows for easy cleaning of spills.
- **Dusting:** Regularly dust all surfaces to prevent buildup.
- **Power Cord Inspection:** Periodically check power cords for any signs of damage.

- **Software Updates:** For the Infinity Game Table, ensure software is kept up-to-date for optimal performance and access to new features.

TROUBLESHOOTING

Common Issues & Solutions:

- **No Power:**

    - Ensure the power cord is securely plugged into both the unit and a working wall outlet.
    - Check if the outlet is receiving power by plugging in another device.

- **No Display/Sound:**

    - Verify the unit is powered on.
    - Check volume settings.
    - For pinball, ensure internal display cables are properly connected (refer to assembly guide).

- **Game Freezes/Crashes (Infinity Game Table):**

    - Restart the table.
    - Ensure the software is updated to the latest version.
    - Check internet connection if issues occur during online play or downloads.

- **Flippers Unresponsive (Digital Pinball):**

    - Check for any physical obstructions.
    - Ensure all internal connections related to controls are secure.

If issues persist after attempting these solutions, please contact Arcade1Up customer support.
