Assembly Steps Overview:

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out. Refer to the parts list in your separate assembly guide to identify each piece.
2. **Assemble the Main Desk Frame:** Follow the step-by-step diagrams to connect the main desk panels using the provided hardware.
3. **Install Drawers and Shelves:** Assemble the drawers and install them into their designated slots. Insert adjustable shelves into the RGB cabinet as per your preference.
4. **Attach the Mirror and Lighting:** Securely attach the lighted mirror to the desk frame. Connect the LED light bulbs as instructed.
5. **Integrate Electrical Components:** Install the built-in charging station into its designated area. Ensure all electrical connections are secure.
6. **Attach Side Storage Bag:** Secure the fabric side storage bag to the desk.

7. **Assemble the Chair:** Follow the instructions to assemble the vanity chair.
8. **Final Check:** Ensure all connections are tight and the vanity is stable before use.

OPERATING INSTRUCTIONS

1. Lighted Mirror Operation

The vanity mirror is equipped with 10 LED light bulbs offering adjustable brightness and three color modes to suit your needs.

Figure 3: Mirror Lighting Modes. The mirror lights can be adjusted to Cold White, Warm White, or Warm Yellow, with brightness ranging from 0-100%.

- **Power On/Off:** Press the power switch on the mirror frame to turn the lights on or off.
- **Change Color Mode:** Briefly press the switch to cycle through the three color modes: Cold White, Warm White, and Warm Yellow.
- **Adjust Brightness:** Press and hold the switch to continuously adjust the brightness level from 0% to 100%. Release when the desired brightness is reached.

2. RGB LED Ambient Light Cabinet

The vanity includes a cabinet with an RGB lighting system, offering over 60,000 static colors and multiple dynamic lighting modes. This system can be controlled via a dedicated APP or a physical switch.

Figure 4: RGB LED Cabinet Lighting. The integrated cabinet features customizable RGB lighting, controllable via a mobile application or a physical key control.

- **APP Control:** Scan the QR code provided in the separate assembly guide to download the control application. Follow the in-app instructions to connect and control the RGB lighting, including color selection, dynamic modes, music synchronization, and timing functions.
- **Switch Control:** Use the physical switch located on the cabinet to cycle through basic color modes and turn the lights on/off.
- **Adjustable Shelves:** The cabinet features height-adjustable laminates, allowing you to customize storage space.

3. Built-in Charging Station

The vanity desk includes a convenient charging station with both AC outlets and USB ports.

MAINTENANCE

Proper care and maintenance will extend the life and appearance of your vanity desk.

- **Cleaning:** Wipe the surfaces with a dry, soft cloth. For stubborn marks, a slightly damp cloth with mild soap can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or harsh chemicals.
- **Dusting:** Regularly dust the mirror and desk surfaces to prevent buildup.
- **Electrical Components:** Ensure the charging station and LED lights are kept dry. Do not spray liquids directly onto electrical parts.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary to maintain stability.
- **Bulb Replacement:** If an LED bulb needs replacement, ensure the vanity is unplugged. Refer to the separate assembly guide for specific bulb type and replacement instructions.

TROUBLESHOOTING

This section addresses common issues you might encounter with your vanity desk. If the problem persists, please contact customer support.

Problem	Possible Cause	Solution
Mirror lights not turning on or flickering.	1. Power cord not fully plugged in. 2. Loose connection at the mirror. 3. Faulty LED bulb(s).	1. Ensure the power cord is securely plugged into a working outlet. 2. Check connections behind the mirror and at the power source. 3. If individual bulbs are replaceable, try replacing the faulty one. Contact support if the entire strip fails.
RGB cabinet lights not working or unresponsive.	1. Power issue. 2. APP connection problem. 3. Switch malfunction.	1. Verify the vanity is powered on. Check cabinet light connections. 2. Ensure Bluetooth is enabled on your device and the APP is correctly paired with the cabinet lights. Restart the APP. 3. Try controlling with the APP if the switch isn't working, or vice-versa.
Charging station (AC outlets/USB ports) not providing power.	1. Vanity not plugged in. 2. Outlet not working. 3. Overload/short circuit.	1. Confirm the vanity's main power cord is plugged into a live wall outlet. 2. Test the wall outlet with another device. 3. Unplug all devices from the charging station, wait a few minutes, then plug them back in one by one. Avoid overloading.
Drawers are difficult to open/close or get stuck.	1. Improper assembly of drawer slides. 2. Obstruction inside the drawer or slide. 3. Overloaded drawer.	1. Review assembly instructions for drawer slides. Ensure they are aligned and installed correctly. 2. Check for any items blocking the drawer's path or debris in the slides. 3. Reduce the weight or volume of items in the drawer.
Vanity feels unstable or wobbly.	1. Loose fasteners. 2. Uneven floor.	1. Carefully check and tighten all assembly screws and bolts. 2. Place shims under the legs if the floor is uneven.
