Step-by-Step Instructions

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Refer to the parts list to identify each piece.

2. **Assemble Headboard and Footboard:** Attach the side support bars to the headboard and footboard using the provided hardware. Ensure all bolts are tightened securely.

3. **Connect Side Rails:** Attach the assembled headboard and footboard to the side rails. Make sure the connections are firm and stable.
4. **Install Center Support:** Place the center support beam(s) and legs as indicated in the manual. These provide crucial support for the mattress.
5. **Place Wooden Slats:** Lay the wooden slats across the bed frame. The plastic lock design helps secure the slats and reduce noise. Ensure all slats are evenly spaced and firmly seated.

Operating Instructions

LED Lighting System

The integrated RGB LED backlight in the headboard offers multiple colors and dynamic modes. Control the lighting via the dedicated mobile application.

- **APP Control:** Download the specified mobile application to your smartphone. Follow the app's instructions to connect to the bed frame's LED system.
- **Color and Brightness Adjustment:** Use the app to select from a wide range of colors and adjust the brightness to your preference.
- **Dynamic Modes:** Explore various dynamic lighting modes, including music mode and mic mode, which react to sound, and time mode for scheduled lighting changes.

USB Charging Ports

The headboard is equipped with 2 USB ports (5V/2A) for convenient charging of your electronic devices.

- **Usage:** Simply plug your mobile phone, tablet, or other USB-powered devices into the ports located on the side of the headboard.
- **Power:** Ensure the bed frame is connected to a power source for the USB ports to function.

Storage Drawers

The four large-capacity storage drawers provide ample space for linens, clothing, and other items.

- **Access:** Each drawer features smooth wheels for easy pulling out and pushing in.
- **Security:** Each drawer has a locking hole to prevent it from sliding out unintentionally. Align the drawer with the locking mechanism to secure it in place.

Maintenance

- **Cleaning:** Wipe the bed frame surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Slat Inspection:** Inspect wooden slats for any signs of wear or damage. Replace any broken slats immediately to ensure proper mattress support.

Troubleshooting

Problem	Possible Cause	Solution
Bed frame is wobbly or noisy.	Loose bolts or improperly installed slats.	Ensure all bolts are tightened. Check that wooden slats are correctly seated in their plastic locks.
LED lights are not working.	Power connection issue, app not connected, or light strip damage.	Verify the bed frame is plugged into a working outlet. Check app connection. Contact customer service if lights remain unresponsive.
USB ports are not charging devices.	Bed frame not powered, or faulty cable/device.	Confirm the bed frame is plugged in. Try a different USB cable or device to rule out external issues.
Storage drawers slide out easily.	Drawers not properly aligned with locking holes.	Ensure the drawers are fully pushed in and aligned with the locking holes to engage the mechanism.
