## 4. SETUP AND ASSEMBLY

Assembly of the Outsunny 3-in-1 Heavy-Duty A-Frame Outdoor Playset is required. It is recommended to have at least two adults for assembly. All necessary tools are included in the package. The process typically takes a couple of hours.

Ensure the playset is installed on a level surface. The included 4 ground stakes must be securely anchored into the ground to provide stability and safety during use, especially when multiple children are playing or swinging high.

The playset features heavy-duty metal pipes with a smooth, powder-coated finish for durability and wear resistance. Connections are designed to be strong and secure.

## 5. OPERATING THE PLAYSET FEATURES

---

The Outsunny playset offers multiple activities for children:

- **Nest Swing:** A large, comfortable swing designed for multiple children or for a single child to lie down. The ropes are adjustable to suit different heights.
- **Swing Seats:** Two traditional swing seats are included. These also feature adjustable ropes for customized height settings.
- **Slide:** A sturdy slide provides a fun descent. Ensure children slide feet first.

The design ensures sufficient space between each activity to prevent children from bumping into each other during play. The nest swing includes foam padding around the edges for added safety.

## 6. MAINTENANCE

---

Regular maintenance is crucial to ensure the safety and longevity of your playset:

- **Inspect Regularly:** Check all nuts, bolts, and connections for tightness. Tighten as needed.
- **Clean:** Wipe down surfaces with a damp cloth and mild soap. Avoid harsh chemicals.
- **Check Ropes and Chains:** Inspect ropes and chains for wear, fraying, or damage. Replace if necessary.
- **Ground Anchors:** Ensure ground stakes remain firmly in place. Re-secure if they become loose.
- **Rust Prevention:** The steel frame has a powder-coated finish for wear resistance. However, regularly check for any signs of rust and address promptly to prevent spread.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your playset, refer to the following common solutions:

- **Playset feels wobbly:** Ensure all bolts are tightened and ground stakes are fully inserted and secure. The playset must be on a level surface.

- **Missing parts:** Refer to the 'What's in the Box' section and contact customer support if any components are missing.
- **Difficulty with assembly:** Review the assembly instructions carefully. Ensure all parts are correctly oriented before tightening. Having an additional person can greatly assist.

## 8. WARRANTY AND SUPPORT
