2. SAFETY INFORMATION

Please read and understand all instructions before assembling and using this product. Failure to follow these instructions could result in serious injury or death.

- **Maximum Weight Capacity:** The bassinet and changing table modes are suitable for infants up to 33 pounds (15 kg). The playard mode is suitable for children up to 66 pounds (30 kg).
- Always ensure all locking mechanisms are securely engaged before placing a child in the product.
- Never leave a child unattended in the bassinet, changing table, or playard.
- Do not use this product if any parts are missing, damaged, or broken. Contact customer support for replacement parts.
- Keep small parts and plastic bags away from children to prevent choking hazards.
- When using as a bedside sleeper, always use the provided secure straps to attach the unit firmly to your adult bed. Ensure there is no gap between the bassinet and the adult mattress.

- Only use the mattress pad provided by the manufacturer. Do not add additional padding, pillows, or blankets, as this can create a suffocation risk.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

4. ASSEMBLY AND SETUP

Follow these steps carefully to assemble your Xilingol 5-in-1 Baby Bassinet Bedside Sleeper.

4.1 Unfolding the Main Unit

1. Remove the main unit from the carry bag.
2. Stand the unit upright and pull the two short sides upwards until they lock into place.
3. Push down on the center of the base until it lies flat and locks.
4. Ensure all four top rails are rigid and locked. If not, pull up on the center of the rail until it clicks.

4.2 Installing the Bassinet Insert

1. Place the bassinet insert into the main unit, ensuring the support bars are properly aligned.
2. Secure the bassinet insert by attaching all clips or zippers to the main frame.
3. Lay the mattress pad flat inside the bassinet insert.

4.3 Attaching the Changing Table and Mobile

1. Attach the changing table to the designated clips on the top rail of the main unit. Ensure it is stable and secure.
2. Mount the mobile arm onto the designated slot on the main unit. Attach the toys and ensure the music box is functional.

5. OPERATING INSTRUCTIONS

5.1 Bedside Sleeper Mode

To use the product as a bedside sleeper, lower one side of the bassinet by unzipping the mesh panel and releasing the side rail locking mechanisms. Adjust the height to match your adult bed using the adjustable height settings. Securely attach the bassinet to your bed frame using the provided straps to prevent any gaps.

6. FOLDING AND PORTABILITY

The Xilingol 5-in-1 Baby Bassinet is designed for easy folding and portability, making it ideal for travel or storage.

1. Remove the bassinet insert, changing table, mobile, and any other accessories.
2. Pull up on the center strap located at the bottom of the playard.
3. Release the locking mechanisms on all four top rails by squeezing the buttons on the outside of each rail.
4. Push the sides inward to collapse the frame.
5. Wrap the mattress pad around the folded unit and secure it with the attached fasteners.
6. Place the folded unit into the provided carry bag for convenient transport and storage.

7. MAINTENANCE AND CARE

Proper care ensures the longevity and hygiene of your product.

- **Cleaning:** The fabric components are designed for hand washing only. Use mild soap and cold water. Do not use bleach.

- **Drying:** Air dry thoroughly. Do not machine dry.
- **Frame:** Wipe the metal and plastic parts with a damp cloth and mild soap. Dry immediately.
- **Storage:** Store in a clean, dry place, preferably in its carry bag, away from direct sunlight and extreme temperatures.
- Regularly inspect all parts for wear, damage, or loose fasteners. Tighten or replace as needed.

8. TROUBLESHOOTING

If you encounter issues with your Xilingol 5-in-1 Baby Bassinet, refer to the following common solutions:

Problem	Possible Cause	Solution
Unit does not lock into place during unfolding.	Top rails are not fully extended before pushing down the center base.	Ensure all four top rails are pulled upwards until they click and lock into a rigid position before pushing down the center base.
Side rail will not lower in bedside sleeper mode.	Locking mechanisms are not fully disengaged or zipper is stuck.	Check that both side rail locking buttons are pressed simultaneously and the zipper is fully unzipped.
Unit feels unstable.	Not all locking mechanisms are engaged.	Verify that all four top rails are locked and the center base is pushed down flat and secure. When in bedside sleeper mode, ensure secure straps are tightly fastened to the adult bed.
Mobile or music box not working.	Batteries are dead or incorrectly installed.	Check battery compartment for correct installation and replace batteries if necessary.

If these solutions do not resolve the issue, please contact Xilingol customer support for further assistance.
