2. KEY FEATURES

2.1. Superior 6-Stage Purification

The purifier employs a comprehensive 6-stage purification process to ensure the highest quality of drinking water. This includes Sedi-Shield, Particulate Filter, Chemi-Block, RO Maxx, and a 2-in-1 Mineral Charge.

Figure 2: Illustration of the 6-stage purification process.

- **Sedi-Shield:** Removes dust, dirt, and mud particles up to 0.5 micron.
- **Particulate Filter:** Removes pathogenic particles and suspended matter.
- **Chemi-Block:** Protects against chemicals, odor, and bad taste.
- **RO Maxx:** Effectively removes microplastics, pesticides, pharmaceutical waste, arsenic, and lead.
- **2-in-1 Mineral Charge:** Infuses essential calcium and magnesium, enhancing water taste and quality.

Figure 3: RO Maxx technology removes various contaminants.

2.2. Water Source Suitability

This purifier is suitable for borewell and tanker water sources with a Total Dissolved Solids (TDS) level greater than 200 ppm. It is not recommended for water with TDS less than 200 ppm.

2.4. Long Cartridge Life

The purifier features a long-lasting cartridge designed to purify up to 6000 liters of water or last for approximately one year, ensuring consistent performance under standard test conditions.

2.5. Complimentary Service Plan

A complimentary service plan is included, offering free installation, one free maintenance visit, and unlimited repair visits within the first year of purchase. This is supported by India's wide service network.

Figure 6: Details of the complimentary service plan.

2.6. Certifications

The product is certified by the National Accreditation Board for Testing and Calibration Laboratories (NABL) and Water Quality Impact Assessment (WQIA), ensuring product reliability and performance.

3. INSTALLATION GUIDE

The Aquaguard Sure Delight NXT RO+MC Water Purifier offers flexible installation options, allowing it to be placed on a countertop or mounted on a wall.

3.1. Unboxing and Components

Carefully unbox the water purifier. The package includes the water purifier unit, an input pipe, a diverter valve, and a warranty card.

- Instantly Charges Water with Essential Calcium & Magnesium
- Enhances the Taste of Purified Water

2-IN-1 MINERAL CHARGE

Figure 8: Product dimensions for installation planning.

3.2. Wall Mounting (Optional)

1. Choose a suitable location on a sturdy wall, ensuring enough space for maintenance and operation.
2. Use the provided wall-mounting template to mark the drilling points.
3. Drill holes and insert the wall plugs. Secure the mounting bracket (if provided) or screws.
4. Carefully hang the water purifier on the secured mounts.

3.3. Water Connection

1. Connect the input pipe to the diverter valve, then attach the diverter valve to your water tap.
2. Connect the other end of the input pipe to the water inlet port on the purifier.
3. Ensure all connections are tight to prevent leaks.

3.4. Power Connection

Plug the power cord into a suitable electrical outlet. The purifier will initiate its startup sequence.

4. OPERATING INSTRUCTIONS

4.1. First Use

1. After installation, open the water supply to the purifier.
2. Allow the storage tank to fill completely. The Smart LED indicator will show the tank-full status.
3. Discard the first two full tanks of purified water to flush out any residual impurities from the new filters.

4.2. Dispensing Water

Place a clean container under the water dispensing nozzle and press the dispense lever or button (depending on model) to get purified water.

4.3. Smart LED Indicators

Monitor the Smart LED indicators for operational status, service reminders, and filter life warnings. Refer to the indicator guide in the detailed user manual for specific meanings.

5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your Aquaguard water purifier.

5.1. Filter Replacement

- The Smart LED indicator will alert you when it's time to replace the filters.
- Contact authorized service personnel for filter replacement to ensure genuine parts and proper installation.

5.2. Cleaning the Purifier

- Wipe the exterior of the purifier with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- Periodically clean the water dispensing area to prevent buildup.

6. TROUBLESHOOTING

If you encounter any issues with your water purifier, refer to the following common troubleshooting tips:

- **No Water Dispensing:** Check if the power supply is on, water supply is open, and the tank is not empty.
- **Slow Water Flow:** This could indicate clogged filters. Check the filter life indicator and contact service if replacement is due.
- **Unusual Taste/Odor:** This may also indicate filters needing replacement or a new filter system needing flushing. Ensure the first two tanks of water were discarded after installation or filter change.
- **LED Error Indication:** Refer to the detailed user manual for specific error codes or contact customer support.

For persistent issues, please contact Aquaguard customer support.

7. TECHNICAL SPECIFICATIONS

Feature	Specification
---------	---------------

Feature	Specification
Brand	Aquaguard
Model Name	Delight NXT Lite RO+MC
Item Model Number	GWPDDLTRM00B00
Special Feature	Change Filter Indicator, Mineral Charge, Reduce TDS
Product Dimensions	32L x 27W x 48H Centimeters
Installation Type	Countertop
Power Source	Electric
Item Weight	6.2 Kilograms
Capacity	6.2 litres
Material	Acrylonitrile Butadiene Styrene
Supported Water TDS Level Maximum (PPM)	100 (Note: Product description states >200 ppm, please verify with manufacturer)
Operating Pressure Range	Upto 3 Kilograms Per Square Centimeter
Lower Temperature Rating	10 Degrees Celsius
Upper Temperature Rating	40 Degrees Celsius
Included Components	Water Purifier, Accessories (Input Pipe & Diverter Valve) & Warranty Card

8. WARRANTY AND SUPPORT

8.1. Product Warranty

The Aquaguard Sure Delight NXT RO+MC Water Purifier comes with a 1-year free warranty from the date of purchase. This warranty covers manufacturing defects and ensures peace of mind.
