suddus 100 LED Connectable String Lights Instruction Manual

Model: SD-100STRWWC

1. SAFETY INSTRUCTIONS

- Ensure the product is unplugged before installation or maintenance.
- Do not connect to another string light system that is not designed for connection.
- Do not secure the wiring with staples or nails, or place on sharp objects that may damage the insulation.
- Do not close doors or windows on the product or extension cords as this may damage the wire insulation.
- Do not cover the product with cloth, paper, or any material not part of the product when in use.
- Avoid submerging the plug or remote control in water. The string lights themselves are IP44 waterproof.
- Keep out of reach of children and pets.

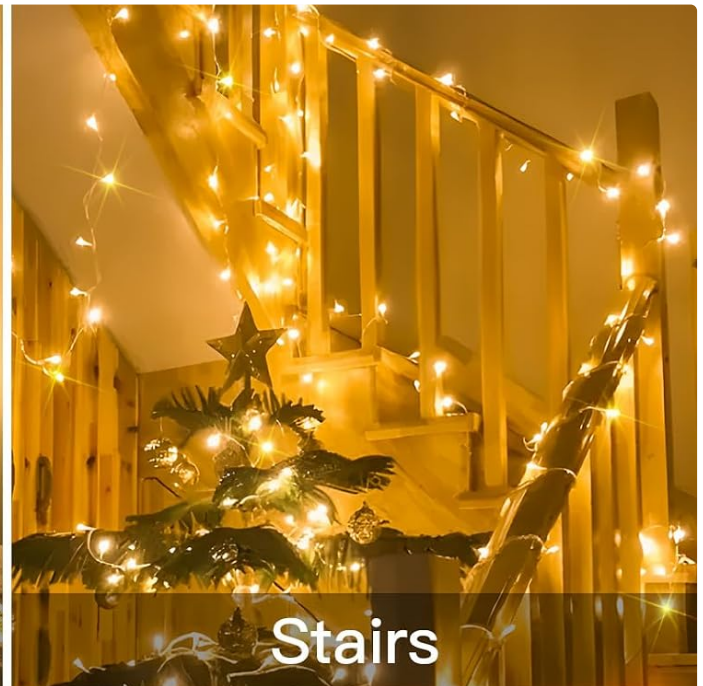

2. PACKAGE CONTENTS

- 1 x 100 LED String Lights (33ft)
- 1 x UL Certified Power Adapter
- 1 x Remote Control
- 1 x User Manual

3. PRODUCT FEATURES

- **100 Warm White LEDs:** Provides a cozy and inviting glow.
- **33ft Length:** Ideal for various indoor and outdoor decorations.
- **Connectable Design:** Link up to 10 sets (1000 LEDs) for extended coverage up to 330ft.
- **Clear Wire:** Blends seamlessly with any background for a discreet look.
- **Remote Control:** Conveniently manage settings from a distance.
- **8 Lighting Modes:** Offers versatile ambiance options.
- **4 Brightness Levels:** Adjustable dimming from 25% to 100%.

- **Smart Timer:** 6 hours ON / 18 hours OFF automatic cycle.
- **Memory Function:** Remembers the last selected mode and brightness.
- **IP44 Waterproof:** Suitable for outdoor use, resistant to rain and snow.
- **UL Certified:** Ensures safety and reliability.

Video demonstrating the clear wire design of the suddus string lights, highlighting its discreet appearance.

4. SETUP

1. Unpack the string lights carefully to avoid tangling.
2. Determine your desired installation location, considering the 33ft length and 10ft extension cord.
3. If connecting multiple sets, ensure the male and female connectors are securely fastened.
4. Mount the lights using appropriate fasteners (not included) for your surface.

5. Plug the UL certified power adapter into a standard electrical outlet.

The suddus 100 LED string lights, including the remote control and power adapter, ready for setup.

5. OPERATING INSTRUCTIONS

5.1 Remote Control Functions

The included remote control allows for easy adjustment of light settings. Ensure the remote's battery tab is removed before first use.

8 LIGHT MODES/ DIMMER/ TIMER

The remote control features buttons for power, timer, dimming, and selecting from 8 lighting modes.

Short video showcasing the remote control for the white string lights, demonstrating its functionality.

5.2 Lighting Modes

Press the numbered buttons (1-8) on the remote to select from the following 8 lighting modes:

1. Combination
2. In Waves
3. Sequential
4. Slow Glow
5. Chasing / Flash
6. Slow Fade
7. Twinkle / Flash

8. Steady On

5.3 Dimming Function

Use the 'DIM+' and 'DIM-' buttons on the remote to adjust the brightness. There are 4 levels of brightness: 25%, 50%, 75%, and 100%.

5.4 Timer Function

Press the 'TIMER' button on the remote to activate the built-in timer. The lights will automatically stay ON for 6 hours and then turn OFF for 18 hours, repeating the cycle daily.

6. CONNECTABLE FEATURE

These string lights are designed to be connectable, allowing you to extend your lighting display. You can connect up to 10 sets of 100 LED lights, totaling 1000 LEDs and covering a length of 330ft, all powered by a single adapter.

- To connect, align the male connector of one set with the female connector of another set and twist securely.

- Ensure all connections are tight to maintain waterproof integrity.

IP44 WATERPROOF

Illustration of how multiple string light sets can be connected to create a longer display.

The connectable design allows for easy expansion of your lighting setup, powered by a single UL certified plug.

7. INSTALLATION TIPS

- For indoor use, the clear wire blends seamlessly with white walls, curtains, or windows.
- For outdoor use, ensure the power adapter is protected from direct exposure to heavy rain or snow, despite the IP44 rating of the lights themselves.
- Consider using clips or ties to secure the lights in place, especially for intricate designs.

WHY CHOOSE US?

SUDDUS

Ultra-brightness

No tangle

Safe to touch

High quality pure copper wire

CHEAP LED

Lower brightness

Easy to get tangled

Fire hazard

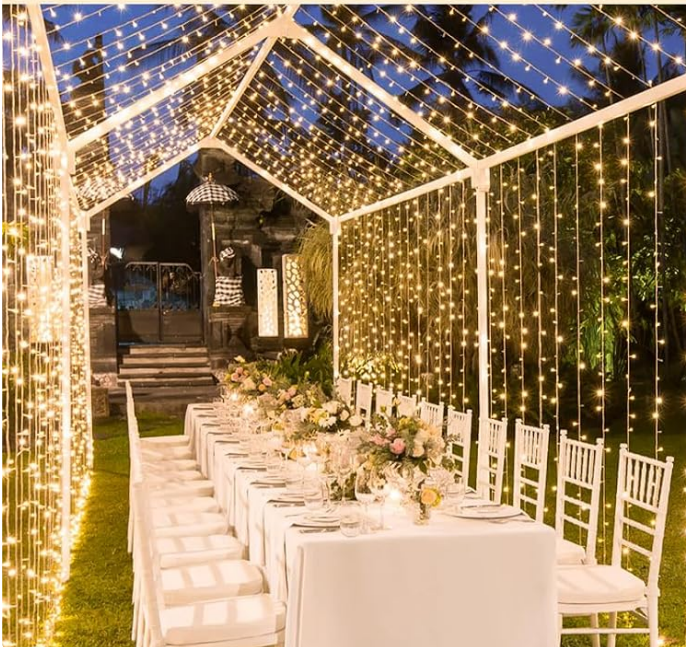

Iron Wires

Easy to get rusted outdoors

Versatile application examples: decorating bookshelves, stair railings, windows, and ceilings.

SUDDUS

Remote Control

1. Stable power supply

2. Extended lifespan

Connectable

OTHERS

1. Limited battery life

2. Inadequate for high power needs

Can't connected

String lights enhancing wedding decor, creating a festive and romantic atmosphere.

8. MAINTENANCE

- Clean the lights gently with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- Store the lights in a cool, dry place when not in use, preferably in their original packaging to prevent tangling and damage.
- Regularly inspect the wire and bulbs for any signs of damage. Discontinue use if any damage is found.

9. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Lights do not turn on.	No power supply. Remote battery dead/tab not removed. Loose connection.	Check if the power adapter is securely plugged in. Remove the battery tab from the remote or replace the battery (CR2025). Ensure all connectable sections are tightly secured.
Remote control not working.	Remote battery dead/tab not removed. Obstruction between remote and receiver.	Remove the battery tab or replace the battery (CR2025). Ensure a clear line of sight between the remote and the power adapter.
Lights flicker or dim unexpectedly.	Unstable power supply. Loose connection.	Ensure the power outlet is stable. Check all connections for tightness.
