## Controls

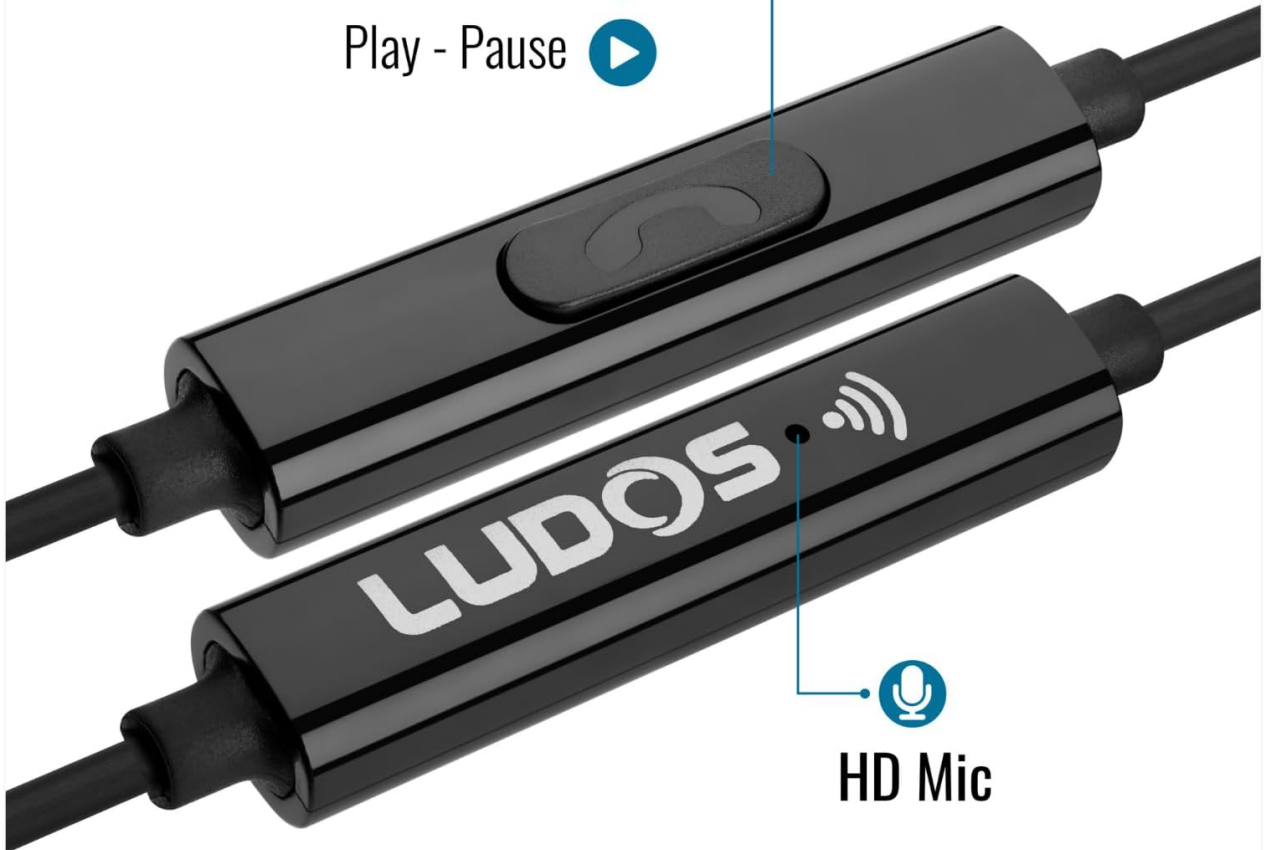

The earbuds include an in-line remote with a single button for controlling playback and calls, and a slider for volume adjustment.

- **Single Button Control:** Press once to Play/Pause music or Answer/End calls.
- **Volume Slider:** Slide up or down to adjust the volume.

## Single Button Control:

Answer - Hang up 

Play - Pause

### **Comfort and Noise Isolation**

Designed for hours of comfortable wear, the earbuds come with hypoallergenic silicone tips and memory foam ear tips to customize your fit and provide superior passive noise isolation. The magnetic design of the earbuds helps prevent tangling when not in use.

# PASSIVE NOISE ISOLATION

- *Focus*
- *Ease the mood*
- *Decompress*

## 7. MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your LUDOS Ultra earbuds, follow these care instructions:

- **Storage:** Always store your earbuds in the provided protective tin case or mesh pouch when not in use to prevent tangling and damage. The magnetic earbuds help keep them neatly together.
- **Cleaning:** Gently wipe the earbuds and cable with a soft, dry cloth. For ear tips, remove them and clean with mild soap and water, then ensure they are completely dry before reattaching.
- **Avoid Moisture:** These earbuds are not water-resistant. Avoid exposure to water, excessive humidity, or extreme temperatures.
- **Handle with Care:** Avoid pulling the cable forcefully or bending the connectors at sharp angles.

## 8. TROUBLESHOOTING

If you encounter any issues with your LUDOS Ultra earbuds, please refer to the following common solutions:

- **No Sound:** Ensure the USB-C connector is fully inserted into your device. Check your device's volume settings and ensure the earbuds are not muted. Test with another device if possible to rule out a device-specific issue.
- **Poor Sound Quality:** Ensure ear tips are clean and properly seated in your ears. Try different sized ear tips for a better seal. Check the cable for any visible damage.
- **Microphone Not Working:** Ensure the microphone is not obstructed. Check your device's audio input settings to confirm the earbuds' microphone is selected.
- **Intermittent Connection:** Ensure the USB-C port on your device is clean and free of debris. Try reconnecting the earbuds.

If the problem persists, please contact LUDOS customer support for further assistance.
