

HOT TOOLS HTIR8013G

HOT TOOLS 24K Gold Professional 1 1/2" Extended Barrel Curling Iron User Manual

Model: HTIR8013G

1. INTRODUCTION

Thank you for choosing the HOT TOOLS 24K Gold Professional 1 1/2" Extended Barrel Curling Iron. This manual provides essential information for the safe and effective use of your new styling tool. Please read all instructions carefully before use and retain this manual for future reference.

This curling iron features 24K Gold Technology for even heat distribution and an extended barrel designed for easier styling of longer hair lengths and hard-to-reach sections.

2. SAFETY INFORMATION

WARNING: To reduce the risk of burns, electrocution, fire, or injury to persons:

- **Burn hazard:** Surfaces get extremely hot during use. Avoid direct contact with skin, especially the barrel and heated plates.
- **Electric shock risk:** Keep away from water. Do not use near bathtubs, sinks, showers, or other water sources. If the appliance falls into water, unplug it immediately. Do not reach into the water.
- **Fire risk:** Unplug the appliance immediately after use and when not in use. Do not leave unattended when plugged in. Ensure the appliance is placed on a heat-resistant surface when hot.
- **Children:** Keep out of reach of children. This appliance is not intended for use by children or persons with reduced physical, sensory, or mental capabilities unless supervised by an adult responsible for their safety.
- Do not operate any appliance with a damaged cord or plug, or if the appliance malfunctions or has been dropped or damaged in any manner.
- Do not wrap the cord around the appliance.
- Do not use an extension cord with this appliance.

3. PRODUCT FEATURES

- **24K Gold Technology:** Provides superior, even heat for consistent styling results.
- **Extended Barrel Size:** A 6-inch long barrel facilitates styling of longer hair and hard-to-reach sections.
- **Styling Clamp:** Helps secure hair for smoother, defined curls.
- **Digital Heat Settings:** Customizable temperature control with 5 digital heat levels, ranging up to 450°F.
- **Temperature Memory Recall:** Remembers your last used heat setting.
- **2-Hour Auto Shut-Off:** Enhances safety by automatically turning off the appliance after two hours of inactivity.
- **Swivel Cord:** Professional-length swivel cord for tangle-free operation.

4. SETUP

1. **Unpack:** Carefully remove the curling iron from its packaging.
2. **Inspect:** Check the appliance for any signs of damage. Do not use if damaged.
3. **Placement:** Place the curling iron on a flat, heat-resistant surface.

4. **Plug In:** Insert the plug into a standard electrical outlet. Ensure your outlet voltage matches the appliance's requirements.

5. OPERATING INSTRUCTIONS

5.1 Powering On and Setting Temperature

1. Plug the curling iron into an electrical outlet.
2. Press and hold the power button until the display illuminates.
3. Use the temperature control buttons (+/-) to select your desired heat setting. The iron will heat up quickly.

Image 2: Detail of the 24K Gold barrel and digital temperature controls.

5.2 Recommended Heat Settings

The optimal temperature setting depends on your hair type. Refer to the guide below:

- **280°F:** Fine, Straight Hair

- **330°F:** Thin, Wavy Hair
- **380°F:** Medium, Wavy Hair
- **430°F:** Thick, Curly Hair
- **450°F:** Coarse, Textured Hair

5.3 Curling Technique

1. Ensure hair is clean, dry, and detangled. For best results, apply a heat protectant.
2. Section your hair into manageable portions.
3. Open the clamp and place a section of hair between the clamp and the barrel, starting near the roots or mid-shaft depending on desired curl placement.
4. Close the clamp and wrap the hair around the barrel, away from your face. For loose curls, ensure the hair is evenly distributed across the extended barrel.
5. Hold for a few seconds (duration varies based on hair type and desired curl intensity).
6. Release the clamp and gently slide the curling iron out of the curl.

7. Allow curls to cool completely before styling or brushing to set the shape.

5.4 Powering Off

Press and hold the power button until the display turns off. Unplug the appliance from the electrical outlet immediately after use.

6. MAINTENANCE

6.1 Cleaning

1. Ensure the curling iron is unplugged and completely cool before cleaning.
2. Wipe the barrel and handle with a soft, damp cloth.
3. Do not use abrasive cleaners or harsh chemicals, as these can damage the finish.
4. Ensure all parts are thoroughly dry before storing or next use.

6.2 Storage

Store the curling iron in a cool, dry place, away from moisture. Do not wrap the power cord tightly around the appliance, as this can cause damage to the cord.

7. TROUBLESHOOTING

If you encounter issues with your curling iron, please refer to the following common solutions:

- **Appliance not heating:** Ensure the curling iron is properly plugged into a functional electrical outlet and the power button has been pressed. Check for any visible damage to the cord or plug.
- **Poor curl retention:** Verify that you are using the appropriate heat setting for your hair type. Ensure hair is completely dry before curling. Allow curls to cool before disturbing them.
- **Hair catching or pulling:** Ensure hair is thoroughly detangled before use. Clean the barrel regularly to remove any product buildup.

If the problem persists, discontinue use and contact customer support.

8. SPECIFICATIONS

Feature	Detail
Model Number	HTIR8013G
Barrel Size	1 1/2 inches (Extended 6-inch length)
Technology	24K Gold
Maximum Temperature	450°F
