HOT TOOLS HTIR8012G

HOT TOOLS 24K Gold Professional Extended Barrel Curling Iron Instruction Manual

Model: HTIR8012G

PRODUCT OVERVIEW

The Hot Tools Pro Artist 24K Gold Extended Barrel Curling Iron is designed to create long-lasting curls and waves. Its extended barrel is ideal for styling longer hair lengths and hard-to-reach sections, ensuring even heat distribution and reduced hair damage. Featuring 24K Gold Technology, it provides quick and consistent heat for optimal results. The iron includes a styling clamp for effortless creation of smooth ringlet curls and offers precise temperature control with multiple digital heat settings up to 450°F, suitable for all hair types.

SETUP

1. **Unpack:** Carefully remove the curling iron from its packaging. Ensure all components are present.
2. **Inspect:** Before first use, inspect the curling iron for any visible damage to the cord, plug, or barrel. Do not use if damaged.
3. **Placement:** Place the curling iron on a heat-resistant surface. Utilize the integrated safety stand to keep the hot barrel elevated and prevent contact with surfaces.
4. **Power Connection:** Plug the curling iron into a standard electrical outlet. The automatic dual voltage feature allows for use in various regions.

OPERATING INSTRUCTIONS

Temperature Settings

The curling iron features multiple digital heat settings, allowing customization for all hair types. Use the temperature control button for precision.

- **280°F:** Fine Hair
- **330°F:** Thin, Straight Hair
- **380°F:** Medium, Wavy Hair
- **430°F:** Thick, Curly Hair
- **450°F:** Coarse, Textured Hair

Curling Technique

1. **Power On:** Turn the curling iron ON using the power switch. Select your desired temperature. The 24K Gold Technology ensures quick heating.
2. **Section Hair:** Divide dry hair into manageable sections. For best results, use a heat protectant spray.
3. **Clamp Hair:** Open the styling clamp and place the end of a hair section under the clamp. For smoother ringlet curls, ensure the hair is evenly wrapped.
4. **Wrap Hair:** Roll the iron upwards towards the scalp, wrapping the hair around the extended barrel. The longer barrel accommodates longer hair lengths.
5. **Hold:** Hold for a few seconds (adjust based on hair type and desired curl intensity). The consistent heat helps set the curl quickly.
6. **Release:** Open the clamp and gently release the curl. Allow curls to cool completely before styling for long-lasting results.

MAINTENANCE

- **Cleaning:** Ensure the curling iron is unplugged and completely cool before cleaning. Wipe the barrel and handle with a soft, damp cloth. Do not use abrasive cleaners or immerse the iron in water.
- **Storage:** Store the curling iron in a cool, dry place. Do not wrap the cord tightly around the iron, as this can damage the cord. Use the 2-hour auto shut-off feature for safety.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Iron not heating up.	Not plugged in, power switch off, or power outlet issue.	Ensure the iron is securely plugged into a working outlet. Check the ON/OFF switch.
Hair not curling or curls not holding.	Incorrect temperature setting, hair not dry, or insufficient hold time.	Adjust temperature to a higher setting suitable for your hair type. Ensure hair is completely dry. Increase hold time. Allow curls to cool before styling.
Hair getting caught or snagged.	Hair section too large or improper wrapping technique.	Use smaller, more manageable hair sections. Ensure hair is smoothly wrapped around the barrel.

Safety Note: This product should be kept out of reach of children to prevent burns or injury. It is a high-temperature styling tool and can be dangerous if not used properly.

SPECIFICATIONS

- **Model Number:** HTIR8012G
- **Barrel Size:** 1 1/4 inches (Extended Barrel)
- **Technology:** 24K Gold Technology
- **Heat Settings:** Multiple Digital Heat Settings (up to 450°F)
- **Auto Shut-Off:** 2-Hour Automatic Shut-Off
- **Voltage:** Automatic Dual Voltage
- **Wattage:** 50 watts
- **Dimensions:** 15.3 x 2.6 x 2.6 inches
- **Weight:** 1.23 Pounds
- **Material:** Metal
- **Manufacturer:** Hot Tools
- **Country of Origin:** China
