Key Features:

- **Active Select Display:** Large touchscreen for easy beverage selection and personalization.
- **Home Connect App:** Remote control and access to 35+ beverages.
- **Double Cup Function:** Brew two cups simultaneously.
- **Integrated Milk Container:** For convenient milk-based drinks.
- **Aroma Max System:** Consistent coffee quality with optimal flow rate, temperature, and water amount.
- **Ceramic Bean Grinder:** Integrated grinder with 6 grind settings.
- **Calc'n Clean Program:** Guided cleaning and descaling for easy maintenance.
- **Cup Warmer:** Keeps cups warm for optimal coffee enjoyment.

2. SETUP

Unpacking and Initial Preparation:

Carefully remove all packaging materials and ensure all components are present. Place the machine on a stable, level surface.

Elevated Recipes
and 35+ Drinks

Water Tank Setup:

The water tank is located at the back of the machine. Remove it, fill with fresh water, and insert the Mavea water filter as per the filter instructions. Reinsert the tank securely.

Remotely brew via
Home Connect app

Image: Hands refilling the 81 fl. oz. water tank of the Bosch 800 Series Espresso Machine.

Bean Hopper:

Open the bean hopper lid on top of the machine and fill with fresh, roasted coffee beans. Avoid using coated, caramelized, or oily coffee beans.

Quick Tips to Get Started

Select the "Settings" button and the Home Connect option to pair your espresso machine to your smartphone.

Your Bosch espresso machine will alert you when action is needed, such as cleaning, descaling, or changing the water filter.

Only use pure, roasted beans suitable for your espresso machine. DO NOT use coated, caramelized, or oily coffee beans.

For more tips or support, contact us at 1-800-701-5231.

4. MAINTENANCE

Cleaning and Descaling:

The machine features a combined cleaning and descaling program (Calc'n Clean) to minimize maintenance time. Follow the step-by-step guide on the display for easy cleaning and descaling.

The removable brewing unit should be cleaned regularly. The drip tray fills up quickly and should be rinsed daily, especially if using milk products.

5. TROUBLESHOOTING

Quick Tips:

- Select the "Settings" button and the Home Connect option to pair your espresso machine to your smartphone.
- Your Bosch espresso machine will alert you when action is needed, such as cleaning, descaling, or changing the water filter.
- Only use pure, roasted beans suitable for your espresso machine. DO NOT use coated, caramelized, or oily coffee beans.
