## Garantia 645168

# GARANTIA ERGO QUADRO 2 L 75 Raised Bed Instruction Manual

Model: 645168

## INTRODUCTION

---

Thank you for choosing the GARANTIA ERGO QUADRO 2 L 75 Raised Bed. This manual provides essential information for the assembly, operation, and maintenance of your new raised bed. Designed for ease of use and durability, this raised bed features a decorative 3D stone look surface and includes the FLORA water-saving system to support healthy plant growth. Please read these instructions carefully before beginning assembly and keep them for future reference.

## SAFETY INFORMATION

---

- Ensure the assembly area is clear and level to prevent accidents.
- Keep small parts away from children during assembly.
- Do not overload the raised bed with excessive weight beyond its intended capacity.
- Always lift heavy components with assistance if necessary.
- Wear appropriate protective gear, such as gloves, during assembly and gardening.

## PRODUCT OVERVIEW

---

The GARANTIA ERGO QUADRO 2 L 75 is a robust and aesthetically pleasing raised bed designed for outdoor use. It offers a large cultivation area and is made from durable, 100% recycled plastic. Its key features include:

- **Easy Assembly:** Ready-to-assemble set with tool-free installation.
- **Decorative Surface:** Features a 3D stone look for an attractive garden addition.
- **Large Cultivation Area:** Provides ample space for various plants.
- **FLORA Water-Saving System:** Integrated system for efficient water management.
- **Durable Material:** Constructed from 100% recycled plastic, UV and weather-resistant.
- **Made in Germany:** High-quality manufacturing.

## SETUP AND ASSEMBLY

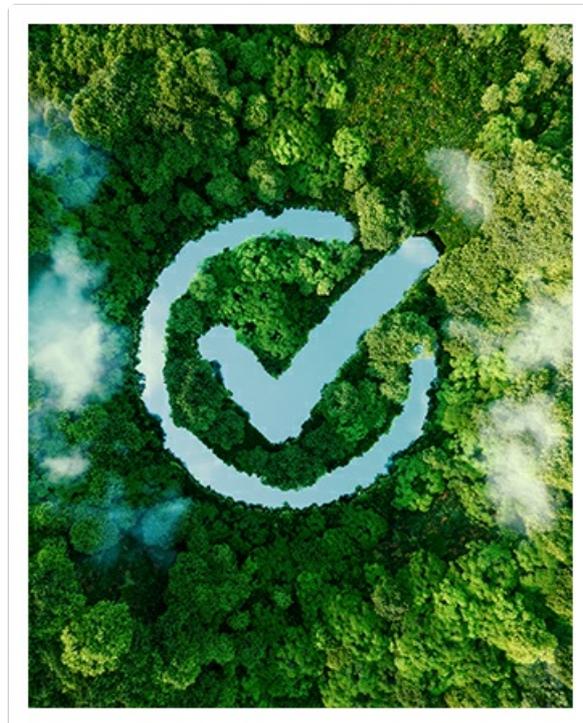

---

The GARANTIA ERGO QUADRO 2 L 75 Raised Bed is designed for quick and tool-free assembly. Follow these steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components are present according to the packing list (not provided in this manual, refer to product packaging).
2. **Prepare the Base:** Choose a level and stable location for your raised bed. Ensure adequate drainage if placing directly on soil.
3. **Assemble the Panels:** The raised bed consists of interlocking panels. Connect the panels by sliding them into place. The design allows for flexible height adjustments and various configurations.
4. **Install the FLORA Water-Saving System:** Integrate the FLORA water-saving system components as per the specific instructions provided with the system. This typically involves placing a water reservoir or drainage layer at the bottom.
5. **Fill the Raised Bed:** Once assembled, fill the raised bed with appropriate layers of soil, compost, and other growing media suitable for your plants.

## **OPERATING INSTRUCTIONS**

---

Using your GARANTIA ERGO QUADRO 2 L 75 Raised Bed is straightforward, especially with its integrated FLORA water-saving system.

### **Planting**

Select plants suitable for raised bed gardening. Consider companion planting for optimal growth. The large cultivation area allows for a variety of vegetables, herbs, and flowers.

### **Watering with FLORA System**

The FLORA water-saving system helps maintain consistent moisture levels for your plants, reducing the frequency of watering. Follow these guidelines:

- Initially, water thoroughly to establish plants and fill the water reservoir of the FLORA system.
- Monitor soil moisture. The FLORA system provides water from below, but top watering may still be necessary, especially for new seedlings or during very dry periods.
- Avoid overwatering, as the system is designed to optimize water usage.

## **Optional Growth Module**

For enhanced growth and protection, an optional growth module (clear cover) can be added. This module helps create a microclimate, protecting plants from adverse weather and promoting faster growth, especially in cooler seasons.

## MAINTENANCE

---

The GARANTIA ERGO QUADRO 2 L 75 Raised Bed requires minimal maintenance due to its durable plastic construction.

- **Cleaning:** Periodically clean the exterior with a mild soap solution and water. Avoid abrasive cleaners that could damage the surface.
- **Seasonal Care:** At the end of the growing season, remove old plants and replenish the soil with fresh compost and nutrients.
- **Inspection:** Regularly inspect the raised bed for any signs of damage or wear. Although highly durable, prompt attention to any issues will prolong its lifespan.
- **Water System Check:** Ensure the FLORA water-saving system remains clear of debris to function effectively.

## TROUBLESHOOTING

---

Here are some common issues and their potential solutions:

Problem	Possible Cause	Solution
Poor plant growth	Insufficient nutrients, improper watering, inadequate sunlight.	Add compost or fertilizer, adjust watering schedule, ensure sufficient sunlight exposure.
Waterlogging	Blocked drainage in FLORA system, excessive watering.	Check and clear drainage points, reduce watering frequency.
Raised bed appears unstable	Uneven ground, panels not fully interlocked.	Ensure the base is level, re-check all panel connections.

## SPECIFICATIONS

---

Feature	Detail
Brand	Garantia
Model Number	645168
Color	Grey
Material	Plastic (100% Recycled)
Product Dimensions (L x W x H)	160 x 80 x 75 cm (approximately 63 x 31.5 x 29.5 inches)
