6. CARE AND MAINTENANCE

Proper care will ensure the longevity and beauty of your POVISON Oval Dining Table.

6.1 Sintered Stone Tabletop Care

- **Daily Cleaning:** Wipe the tabletop with a soft, damp cloth and a mild, non-abrasive cleaner. Dry immediately with a clean, dry cloth to prevent water spots.
- **Stain Removal:** For stubborn stains, use a specialized stone cleaner. Avoid harsh chemicals, acidic cleaners, or abrasive pads, as these can damage the surface.
- **Heat Resistance:** While sintered stone is heat-resistant, it is advisable to use trivets under hot dishes to prevent thermal shock and protect the surface.
- **Scratch Resistance:** Although highly scratch-resistant, avoid dragging sharp or heavy objects across the surface.

6.2 Microfiber Leather Legs Care

- **Cleaning:** For general cleaning, wipe the microfiber leather with a soft, damp cloth. For spills, blot immediately with a clean, dry cloth.
- **Deep Cleaning:** For deeper cleaning, use a mild soap solution (e.g., diluted dish soap) on a damp cloth, then wipe with a clean, damp cloth to remove soap residue. Dry thoroughly.
- **Avoid:** Do not use harsh chemicals, solvents, or abrasive cleaners on the microfiber leather, as they can damage the material. Keep away from direct sunlight and heat sources to prevent fading or cracking.
