### uscce UE-268-Cloud Blue

# uscce Alarm Clock Bluetooth FM Radio User Manual

Model: UE-268-Cloud Blue | Brand: uscce

### 1. Introduction

This manual provides comprehensive instructions for the setup, operation, and maintenance of your uscce Alarm Clock Bluetooth FM Radio. Designed for versatility and modern living, this device combines multiple functionalities to enhance your daily routine.

Image: The uscce Alarm Clock in Cloud Blue with a smartphone wirelessly charging on top.

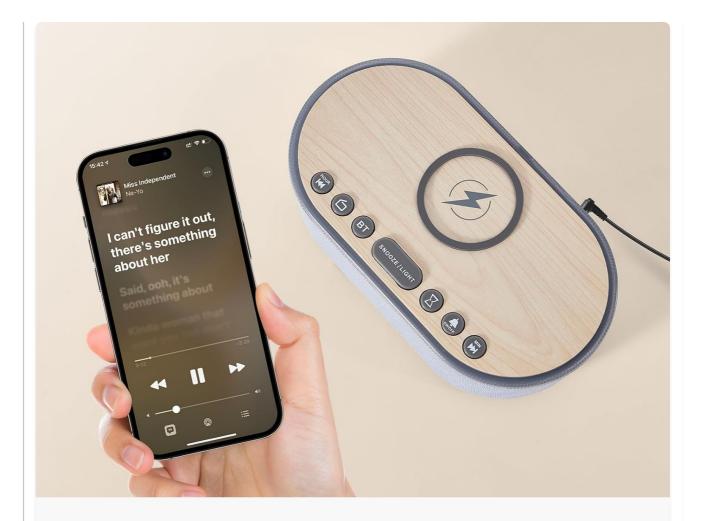

### 2. Key Features

- Versatile Multifunctional Device: Bluetooth speaker alarm clock with 10W fast wireless charger station, built-in FM radio, and 7-color night light.
- Exceptional Audio Quality: Enjoy superior sound with the 10W stereo Bluetooth speaker for a rich and immersive audio experience.
- Powering Devices While You Sleep: Convenient wireless charging and an extra USB charging port ensure your devices are fully charged.
- 0-100% Display Dimmer: Customize display brightness to your personal comfort without disturbing sleep.
- 7 Color Night Light with Adjustable Brightness: Choose from seven vibrant colors and adjust brightness to create the perfect ambiance.
- Stylish Modern Design: A combination of fabric and wooden finish offers a contemporary and fashionable appearance.

### 3. SETUP

### 3.1. Power Connection

Connect the provided power adapter to the DC 9V input port on the back of the alarm clock and plug it into a standard wall outlet. The display will illuminate, indicating the device is powered on.

# **3-Bluetooth V5.0**

Ensure faster pairing and more stable connection

Image: Rear view of the alarm clock, highlighting the power input, USB port, and control buttons.

### 3.2. Time Setting

- 1. Locate the "TIME SET" button on the back of the unit.
- 2. Press and hold "TIME SET" until the hour digits begin to flash.
- 3. Use the "HOUR" and "MIN" buttons on the top panel to adjust the hour and minute respectively.
- 4. Press "TIME SET" again to confirm and exit time setting mode.
- 5. To switch between 12-hour and 24-hour format, use the "12H/24H" button on the back.

# 3.3. Battery Backup

The device supports 2 AAA batteries (not included) for backup. These batteries preserve your time and alarm settings in case of a power outage. Note that the display will not illuminate and the alarm will not sound during a power outage when running on battery backup alone.

### 4. OPERATING INSTRUCTIONS

•

### 4.1. Wireless Charging

Place your Qi-compatible smartphone or other wireless charging enabled device on the charging pad located on the top of the alarm clock. Ensure the device is centered on the charging symbol for optimal performance. The display will show a charging indicator.

Image: A smartphone resting on the top surface of the alarm clock, indicating active wireless charging. The wireless charger provides 10W fast charging for Samsung devices and 7.5W for iPhones. It is compatible with any wireless-charging-enabled device, including wireless earbuds.

Image: A chart illustrating compatibility for 10W (Samsung), 7.5W (iPhone), and 5W (other wireless-enabled devices and earbuds) wireless charging.

For wired charging, an additional USB charging port is available on the back of the unit. Simply connect your device's USB cable to this port.

# **茴-Digital FM Radio**

Enjoy your favorite channels, music, or news

Image: The alarm clock simultaneously charging a smartphone wirelessly and a pair of earbuds via the USB port.

### 4.2. Bluetooth Speaker

To use the device as a Bluetooth speaker, press the "BT" button on the top panel. The display will show "bt" and flash, indicating it's in pairing mode. On your smartphone or other Bluetooth-enabled device, search for "UE-268" in the Bluetooth settings and connect. Once paired, you can stream audio wirelessly.

# **%** - Stylish Modern Design

A combination of fabric and wood-grain finish offers a contemporary and fashionable appearance

### 4.3. FM Radio

Press the "RADIO" button (represented by a radio icon) on the top panel to switch to FM radio mode. Use the "MIN" and "HOUR" buttons to tune to your desired frequency. To auto-scan and save stations, press and hold the "RADIO" button. The device will automatically find and store available FM stations.

# 

Customize the brightness of the display to match the lighting of the room

Image: The alarm clock displaying FM radio frequency on its digital screen.

### 4.4. Alarm Clock

- 1. Press the "ALARM SET" button on the back of the unit. The alarm hour will flash.
- 2. Use the "HOUR" and "MIN" buttons on the top to set the desired alarm time.
- 3. Press "ALARM SET" again to select the alarm sound. You can choose from various built-in sounds or set it to FM radio.
- 4. Press "ALARM SET" one more time to confirm. An alarm icon will appear on the display.
- 5. To adjust the alarm volume, use the dedicated volume knob on the back.
- 6. To snooze the alarm, press the "SNOOZE/LIGHT" button on the top. The alarm will pause for 9 minutes.
- 7. To turn off the alarm completely, press the "ON/OFF" button (bell icon) on the top.

### 4.5. Display Dimmer

The alarm clock features a 0-100% dimmable display. Use the "DISPLAY DIMMER" slider on the back of the unit to adjust the brightness of the time display to your preference, ensuring it doesn't disturb your sleep.

•

Delivers high-fidelity stereo sounds

Image: A visual representation of the display dimmer slider, showing the range from 0% to 100% brightness.

# 4.6. Night Light

The device includes a 7-color night light. Press the "SNOOZE/LIGHT" button repeatedly to cycle through the different colors and brightness levels. Hold the button to turn the night light off.

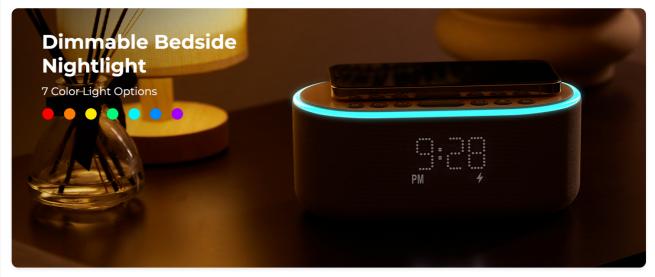

Image: The alarm clock illuminated with a vibrant blue night light, showcasing its aesthetic appeal.

### 5. MAINTENANCE

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid using abrasive cleaners or solvents.
- Do not expose the device to excessive moisture or extreme temperatures.
- Ensure proper ventilation around the device, especially during wireless charging.

### 6. TROUBLESHOOTING

### 6.1. Device Not Powering On

- Ensure the power adapter is securely connected to both the device and a working power outlet.
- Check if the power outlet is functional by plugging in another device.

### **6.2. Wireless Charging Not Working**

- Verify that your device is Qi-compatible.
- Ensure your device is properly centered on the charging pad.
- Remove any thick phone cases or metallic objects that may interfere with charging.
- Ensure the alarm clock is powered via the adapter, not just battery backup.

### 6.3. Bluetooth Pairing Issues

- Make sure the alarm clock is in Bluetooth pairing mode (display shows "bt" flashing).
- Ensure your smartphone's Bluetooth is enabled and visible.
- Forget "UE-268" from your device's Bluetooth list and try pairing again.
- Move the devices closer to each other to ensure a strong signal.

### 6.4. Poor FM Radio Reception

- Fully extend the FM antenna located on the back of the unit.
- Adjust the position of the antenna for better signal reception.
- Try auto-scanning for stations again in a different location if possible.

# 7. SPECIFICATIONS
