Safety Information

Choking Hazard - Small parts. Not for children under three (3) years.

Setup and How to Play

The IQ Waves game involves placing colorful puzzle pieces onto a game board to solve challenges. Follow these steps to set up and play:

1. **Choose a Challenge:** Select a challenge from the provided challenge booklet. Each challenge indicates the starting position of some puzzle pieces on the game board.
2. **Place Initial Pieces:** Place the puzzle pieces shown in the challenge into their indicated positions and orientations on the game board.
3. **Fit Remaining Pieces:** Place all the remaining puzzle pieces onto the game board. Pieces will only fit if the orientation of their segments matches the orientation of the grid (either vertical or horizontal). Rotating a puzzle piece 90 degrees changes the options for placement. Both the front and back sides of the puzzle pieces can be used.

4. **Solve the Challenge:** Continue placing pieces until all pieces are on the game board and fit perfectly. There is only one solution for each challenge.

A hint for easier manipulation: gently push on the thick side of a puzzle piece to pick it up or place it elsewhere.

Maintenance

To ensure the longevity of your SmartGames IQ Waves:

- Keep the game pieces and board clean. Wipe with a soft, dry cloth if necessary.
- Avoid exposing the game to extreme temperatures or direct sunlight for prolonged periods.
- Store all pieces within the compact game case when not in use to prevent loss.

Troubleshooting

If you encounter difficulties while playing IQ Waves:

- **Cannot solve a challenge:** Refer to the solutions provided at the back of the challenge booklet. Each challenge has only one correct solution.
- **Pieces do not fit:** Ensure that each part of a puzzle piece is oriented correctly (either vertically or horizontally) to match the grid. Try rotating the piece 90 degrees.
- **Missing pieces:** Verify all 8 colorful pieces are present. If a piece is missing, contact SmartGames customer support (information typically found on the product packaging or official website).
