## XYEIUGO GDS-937 32530

# XYEIUGO Gobricks GDS-937 32530 Technic Pin Connector Plate 1x2x1 2/3 Instruction Manual

Model: GDS-937 32530

## INTRODUCTION

---

This manual provides essential information for the use and care of your XYEIUGO Gobricks GDS-937 32530 Technic Pin Connector Plate 1x2x1 2/3. These small building blocks are designed to offer structural support and enhance the aesthetic details of your MOC (My Own Creation) projects. Each pack contains 50 pieces, crafted from durable material with consistent color performance, ensuring creative reuse and adaptation in various building scenarios.

This product is compatible with major brick brands, including Lego, and is recommended for ages 13 and up, or for adult collectors.

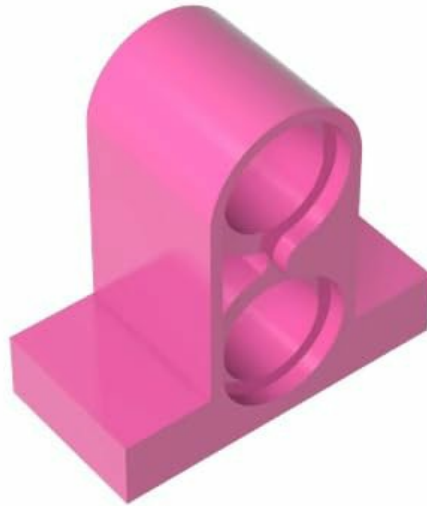

Image 1: A pack of 50 Gobricks GDS-937 32530 Technic Pin Connector Plates in Dark Pink. These plates feature a 1x2x1 2/3 dimension with two holes on top, designed for connecting Technic pins and adding structural integrity to models.

## SETUP

---

The Gobricks GDS-937 32530 Technic Pin Connector Plates require minimal setup. Follow these steps to begin your building experience:

1. **Unboxing:** Carefully open the packaging and remove the bag containing the 50 Technic Pin Connector Plates.
2. **Inspection:** Before use, inspect all pieces for any manufacturing defects or damage. Ensure all 50 pieces are present. If any pieces are missing or damaged, please refer to the "Support" section.
3. **Preparation:** Organize your building space. These small parts can be easily misplaced, so a clean and organized area is recommended.

**Warning:** This product contains small parts and is not suitable for children under 3 years old due to choking hazards. Adult supervision is recommended for younger users (13+).

## OPERATING (BUILDING WITH THE PLATES)

---

The Technic Pin Connector Plate 1x2x1 2/3 (GDS-937 32530) is a versatile component for various building

applications. Its design allows for robust connections and intricate detailing.

- **Connecting Pins:** The two holes on top of the plate are designed to securely hold Technic pins, allowing for perpendicular connections between Technic beams or other compatible elements.
- **Structural Reinforcement:** Use these plates to add strength and stability to your models, especially in areas requiring rigid connections or load-bearing support.
- **Detailing:** The compact size and specific pin connection points make these plates ideal for adding fine details or creating complex sub-assemblies within larger constructions.
- **Compatibility:** These Gobricks components are fully compatible with original Lego Technic elements, allowing seamless integration into existing collections and designs.

Experiment with different orientations and combinations to discover the full potential of these connector plates in your MOCs.

## MAINTENANCE

---

Proper care will ensure the longevity and continued usability of your Gobricks Technic Pin Connector Plates.

- **Cleaning:** To clean the blocks, gently wash them with mild soap and lukewarm water. Avoid harsh chemicals or abrasive materials, as these can damage the plastic or alter the color. Rinse thoroughly and air dry completely before storage.
- **Storage:** Store the plates in a clean, dry container away from direct sunlight and extreme temperatures. This will prevent discoloration, warping, and dust accumulation.
- **Handling:** While durable, avoid excessive force when connecting or disconnecting parts to prevent stress on the plastic, which could lead to breakage over time.

## TROUBLESHOOTING

---

Should you encounter any issues with your Gobricks Technic Pin Connector Plates, consider the following common solutions:

| Problem                         | Possible Cause   | Solution   |
|---------------------------------|--|--|
| Pieces do not connect securely. | Incorrect alignment, incompatible parts, or debris in connection points. | Ensure proper alignment. Verify compatibility with other building blocks. Clean connection points if necessary.    |
| Missing pieces from the pack.   | Packaging error or pieces lost during unboxing.                          | Carefully check packaging and surrounding area. Contact customer support if pieces are genuinely missing.          |
| Color appears inconsistent.     | Lighting conditions or perception.                                       | Gobricks ensures consistent color performance. If a significant discrepancy is observed, contact customer support. |

## SPECIFICATIONS

---

**Model Number:** GDS-937 32530

**Part Name:** Technic Pin Connector Plate 1x2x1 2/3 (Two Holes On Top)

**Quantity:** 50 pieces per pack

**Compatibility:** Compatible with Lego and other major brick brands

**Material:** Durable ABS plastic

**Recommended Age:** 13 years and up (or adult collectors)

**Item Weight:** Approximately 1.12 ounces (for the pack)

## WARRANTY INFORMATION

---

XYEIUGO products are manufactured to high standards. While specific warranty details may vary by retailer or region, generally, products are covered against manufacturing defects for a reasonable period from the date of purchase. Please retain your proof of purchase for any warranty claims.

For detailed warranty terms and conditions, please refer to the retailer's policy where the product was purchased or contact XYEIUGO customer support directly.

## SUPPORT

---

If you require further assistance, have questions, or need to report an issue, please contact our customer support team. When contacting support, please have your product model number (GDS-937 32530) and purchase information readily available.

**Online Support:** Visit the XYEIUGO official website for FAQs and contact forms. (Specific URL not provided in product data)

**Email Support:** For general inquiries, you may find an email address on the product packaging or retailer's website.

We are committed to ensuring your satisfaction with our products.
