aeac IDW19

aeac IDW19 Smart Watch User Manual

Model: IDW19

INTRODUCTION

Thank you for choosing the aeac IDW19 Smart Watch. This device is designed to enhance your daily life with advanced features for communication, health monitoring, and fitness tracking. This manual provides essential information to help you set up, operate, and maintain your new smartwatch.

WHAT'S IN THE BOX

- Smartwatch Body ×1
- Smartwatch Band ×1
- Smartwatch Manual ×1
- Smartwatch Charging Cable ×1

SETUP

1. Charging Your Smartwatch

Before initial use, fully charge your smartwatch. Connect the magnetic charging cable to the charging port on the back of the watch and plug the USB end into a power source. A full charge takes approximately 2 hours and provides 7-10 days of daily use.

2. App Download and Device Pairing

To unlock the full potential of your smartwatch, download the 'Veryfit' app from your smartphone's app store (compatible with iOS 9.0 or above, Android 6.0 or above). Once installed, open the app and follow the on-screen instructions to pair your smartwatch via Bluetooth 5.3. You may need to scan a QR code displayed on the watch screen during the pairing process.

Hands-Free Connection

KEY FEATURES

1. Hands-Free Communication & Alexa Built-In

With Bluetooth 5.3, the IDW19 Smart Watch allows you to make, answer, or reject calls directly from your wrist. Receive instant notifications from social media apps like Facebook, Instagram, and WhatsApp. The integrated Alexa voice assistant enables voice commands for setting alarms, checking weather, and controlling music. **Note: The smartwatch cannot send messages or reply to texts.**

Video: A detailed overview of the smartwatch's speakerphone and Alexa built-in capabilities, demonstrating how to interact with the voice assistant and handle calls.

2. 1.8" HD Touch Screen & Customizable Dials

The 1.8-inch HD full touch screen offers a clear visual and interactive experience. Choose from over 200 pre-designed dials or create personalized custom dials to match your style.

Custom Faces for Every Mood

HEALTH MONITORING

The IDW19 Smart Watch utilizes advanced sensors for 24/7 accurate health monitoring. It continuously tracks your heart rate, blood oxygen (SpO2), sleep patterns, and stress levels. Additionally, it can log menstrual cycles for comprehensive wellness insights. Detailed reports are available in the Veryfit app to help you optimize your health and recovery.

Your Personal Health Assistant

stay on top of your health with 24/7 real-time monitoring

Video: A review highlighting the quality and features of the smartwatch, including its health monitoring capabilities such as heart rate, blood oxygen, and sleep tracking.

110+ SPORT MODES & IP68 WATERPROOF

Your perfect workout companion, the aeac IDW19 fitness watch tracks over 110 sport modes, including running, swimming, cycling, yoga, and more. It accurately records daily stats such as steps, distance, calories burned, and active minutes. With IP68 waterproof protection, you can wear it during swimming, washing hands, or exercising in the rain without worry.

OPERATING YOUR SMARTWATCH

Navigation

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick widgets like activity data, heart rate, weather, and music control.
- **Press Side Button:** Wake up the screen, return to the watch face, or access the main menu.
- **Long Press Side Button:** Power on/off the device.

Basic Functions

- **Activity Tracking:** The watch automatically tracks steps, distance, and calories. View detailed data in the Veryfit app.
- **Workout Modes:** Select your desired sport from the 'Workout' menu to track specific exercise data.
- **Music Control:** Control music playback on your phone directly from the watch.
- **Remote Camera:** Use your watch as a remote shutter for your phone's camera.
- **Alarm Clock:** Set and manage alarms directly from the watch or app.

- **Weather Forecast:** Get real-time weather updates for your location.

More Features, All You Need

Image: The smartwatch screen showing a grid of icons representing various functions such as camera control, find phone, breathing training, weather forecast, alarm clock, music control, and auto-motion detection.

MAINTENANCE

- **Cleaning:** Regularly clean your watch and band with a soft, dry cloth. If necessary, use a slightly damp cloth and mild soap, then rinse and dry thoroughly.
- **Water Resistance:** The watch is IP68 waterproof, suitable for swimming and daily water exposure. Avoid hot water, saunas, or high-pressure water jets, as these can compromise the seal.
- **Storage:** Store the watch in a cool, dry place when not in use.

TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 10 minutes.
- **Cannot pair with phone:** Make sure Bluetooth is enabled on your phone and the watch is within range. Restart both the watch and your phone, then try pairing again through the Veryfit app.

- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, one finger above the wrist bone. Clean the sensors regularly.
- **Notifications not received:** Check app permissions on your phone to ensure the Veryfit app has access to notifications. Verify that notifications are enabled within the Veryfit app settings.
