3. Usage in Gameplay (Operating Instructions)

The Judge Supporter card has a specific effect that can significantly impact the flow of a Pokémon TCG match. Understanding its mechanics is crucial for effective play.

3.1. Supporter Card Rules

- During your turn, you may play only **one** Supporter card.
- Playing a Supporter card is part of your turn's actions, not an attack or Ability.
- Once played, the Supporter card's effect is resolved, and the card is then placed in your discard pile.

3.2. Judge Card Effect

Card Text: "Each player shuffles their hand into their deck and draws 4 cards."
When you play the Judge Supporter card, both you and your opponent must perform the following actions:

1. Each player gathers all cards currently in their hand.
2. Each player shuffles these cards back into their respective decks.
3. After shuffling, each player draws 4 new cards from the top of their deck.

This effect can be used to disrupt an opponent's strategy by forcing them to discard a carefully constructed hand, or to refresh your own hand if you are struggling to find useful cards.

4. Care and Storage (Maintenance)

To preserve the condition and value of your Judge Full Art Ultra Rare card, proper care and storage are essential.

- **Sleeving:** Immediately place the card into a protective card sleeve (e.g., penny sleeve, perfect fit sleeve) to prevent surface scratches and edge wear.
- **Toploader/Hard Case:** For additional protection, place the sleeved card into a toploader or a rigid card saver. For long-term storage or display, consider a magnetic one-touch holder or a graded slab.
- **Storage Environment:** Store cards away from direct sunlight, extreme temperatures, and high humidity. These conditions can cause fading, warping, or other damage.
- **Handling:** Always handle the card by its edges to avoid transferring oils from your skin to the card surface.
