SAFETY INFORMATION

Important Safety Instructions

- **Anti-Toppling Devices**: Always install the included anti-toppling devices to secure the cabinet to the wall. This prevents accidental tip-over and ensures safety, especially in households with children or pets.

- **Weight Distribution**: Do not exceed the maximum weight capacity for the top surface (180 lbs) or shelves (44 lbs for the large cabinet adjustable shelf, 33 lbs for the small cabinet bottom shelf). Distribute weight evenly to maintain stability.

- **Placement**: Place the cabinet on a flat, stable surface. Avoid placing it in areas with high humidity or direct sunlight to prevent material damage.

ASSEMBLY INSTRUCTIONS

Assembly Steps

Detailed and clear instructions are provided in the separate assembly guide included with your product. It is recommended that two people assemble the cabinet for faster and easier installation.

General Assembly Tips:

- Lay out all parts on a soft, clean surface to prevent scratches.
- Identify each component using the provided labels.
- Follow the step-by-step diagrams carefully.
- Do not overtighten screws during initial assembly; tighten fully once the structure is stable.

Setup and Placement

Optimal Placement

This cabinet is suitable for various rooms including dining rooms, living rooms, and entryways. Consider the following for optimal setup:

- **Room Type**: Ideal for dining rooms to store dinnerware, living rooms for general storage, or entryways as a console table.
- **Surface**: Ensure the floor is level and stable.
- **Wall Mounting**: Utilize the anti-toppling devices to secure the cabinet to a wall stud for enhanced stability.

Doors and Drawers

The cabinet features three doors and two drawers for organized storage.

- **Doors**: The doors are equipped with metal handles and magnetic catches for secure closure. To open, gently pull the handle. To close, push until the magnetic catch engages.
- **Drawers**: The two drawers provide enclosed storage. Pull the metal handles to open. Ensure items are placed within the drawer's capacity to allow smooth operation.

Adjustable Shelf

The large cabinet section includes a 3-position adjustable shelf.

- **Adjustment**: The shelf can be moved up or down by 2 inches to accommodate items of different heights.
- **Procedure**: To adjust, carefully remove the shelf, reposition the shelf pins to the desired height, and then reinsert the shelf.

Maintenance and Care

Product Care

- **Cleaning**: The cabinet surface is waterproof for easy cleaning. Wipe with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals.
- **Spills**: Promptly wipe up any spills to prevent damage to the finish.
- **Hardware**: Periodically check and tighten all hardware to ensure the cabinet remains stable.

Troubleshooting

Common Issues and Solutions

- **Wobbly Cabinet**: Ensure all screws are tightened. Verify the cabinet is placed on a level surface. If necessary, adjust floor glides or use shims.
- **Doors Not Closing Properly**: Check if the magnetic catches are aligned. Ensure hinges are securely fastened.
- **Drawers Sticking**: Check for obstructions inside the drawer or along the slides. Ensure drawer slides are properly installed and lubricated if needed.
- **Missing Parts** / **Assembly Difficulties**: If you encounter any problems during the installation process or find missing components, please contact COSTWAY customer support for assistance.
