2. SAFETY INFORMATION

WARNING: Not recommended for children younger than 3 years. Use under adult supervision. Do not use in areas with traffic.

- Always ensure the child wears appropriate safety gear, including a helmet, knee pads, and elbow pads.
- The motorcycle is designed for use on flat, hard surfaces. Avoid uneven terrain, steep inclines, or wet conditions.
- Ensure all screws and fasteners are securely tightened before each use.
- Do not exceed the maximum weight capacity of 30 kg.
- Keep hands, feet, and clothing away from moving parts.
- Regularly inspect the motorcycle for damage or wear. Do not use if damaged.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Kawasaki KX85 Electric Motorcycle (main body)
- Rechargeable 6V Battery
- Battery Charger
- Assembly and Safety Instructions (this manual)
- Training Wheels (if applicable)

4. SETUP

4.1 Assembly

Assemble the motorcycle according to the detailed assembly instructions provided in the included manual. Ensure all parts are correctly fitted and secured. Pay special attention to the handlebar, wheels, and training wheel installation.

4.2 Battery Charging

Before first use, fully charge the 6V battery for the recommended duration (refer to the specific charging instructions in the included manual). Connect the charger to the motorcycle's charging port and then to a standard electrical outlet. The indicator light on the charger will typically show when charging is complete.

- Only use the charger supplied with the product.
- Do not overcharge the battery.
- Keep the battery and charger away from water and extreme temperatures.

5. OPERATING INSTRUCTIONS

The INJUSA Kawasaki KX85 is designed for simple operation:

1. **Power On:** Ensure the motorcycle is switched on (if it has a power switch).
2. **Acceleration:** The child can operate the motorcycle by pressing the foot pedal. This activates the motor and provides forward motion.
3. **Braking:** The motorcycle features an automatic electric brake. Releasing the foot pedal will engage the brake, bringing the motorcycle to a stop.
4. **Steering:** The handlebars control the direction of the motorcycle.

The maximum speed is approximately 5 km/h.

6. MAINTENANCE

6.1 General Care

- Clean the motorcycle with a damp cloth. Do not use abrasive cleaners or solvents.
- Store the motorcycle in a dry place, away from direct sunlight and extreme temperatures.
- Regularly check for loose screws, damaged wires, or worn parts. Tighten or replace as necessary.

6.2 Battery Care

- Recharge the battery after each use.
- If storing the motorcycle for an extended period, charge the battery every 3 months to prolong its lifespan.
- Do not allow the battery to fully discharge for prolonged periods.
