2. SAFETY INFORMATION

Adhere to the following safety guidelines to prevent injury or damage to the product:

- Always assemble the desk according to the provided instructions.
- Ensure the desk is properly anchored to the floor to prevent tipping, especially when heavy items are placed on it.
- Be cautious when using the electrical components and follow all safety guidelines for electrical devices.
- Keep the desk and its components away from water and heat sources to prevent damage or injury.
- Do not exceed the maximum weight capacity for each section of the desk. Refer to the Specifications section for details.

4. ASSEMBLY INSTRUCTIONS

The ODK 40 Inch Gaming Desk is designed for straightforward assembly. All necessary parts are clearly labeled, and all assembly tools are included.

1. Unpack all components and verify against the Parts List.
2. Identify the main desktop and L-shaped extension panels.
3. Attach the metal frame components to the desk panels using the provided hardware. Ensure all screws are tightened securely.
4. Install the monitor stand onto the main desktop.
5. Assemble and attach the storage shelves to the designated areas.
6. Mount the power outlet unit into the recessed area on the desktop.
7. Affix the LED light strip along the underside of the monitor stand or desired location.
8. Attach the side storage bag to the desk frame.
9. Adjust the non-slip footpads to ensure the desk is level and stable on your floor.

Note: Two people are recommended for assembly to ensure stability and ease of handling larger components.

5. SETUP AND CONFIGURATION

5.1 Reversible L-Shaped Design

The ODK Gaming Desk features a reversible L-shaped design, allowing you to configure the longer side of the desk to either the left or right, depending on your room layout and preference. This flexibility is determined during the initial assembly steps.

Image: A diagram illustrating how the L-shaped desk can be assembled with the longer section on either the left or right side, demonstrating its reversible design.

5.2 Monitor Stand Placement

The integrated monitor stand elevates your display to an ergonomic height, reducing neck and eye strain. Place your monitor(s) directly on this elevated shelf. The stand also provides additional storage space underneath for accessories.

6. OPERATING INSTRUCTIONS

6.1 USB Charging Ports & Power Outlets

The desk is equipped with a built-in power strip for convenient access to power. It includes:

- 3 AC Outlets (120V/12A)
- 2 USB Charging Ports (5V/2A)

Simply plug the desk's main power cord into a wall outlet. You can then connect your electronic devices, such as smartphones, gaming gear, or Bluetooth devices, directly to the integrated outlets and USB ports.

6.2 LED Lighting System

The desk features an integrated LED light strip with a remote control for customizable ambiance. The LED strip offers:

- 10 Static Colors
- 6 Brightness Grades
- 10 Dynamic Modes
- Memory Function (remembers last setting)

Use the included switching controls to cycle through colors, modes, and adjust brightness. Proper lighting can enhance focus and reduce eye strain during extended use.

7. MAINTENANCE

Regular maintenance will prolong the life and appearance of your ODK Gaming Desk.

- **Cleaning:** Wipe the desk surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the carbon fiber surface.
- **Tightening:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Electrical Components:** Ensure the power cord and integrated outlets are free from damage. Do not overload the power strip.
- **Footpads:** Verify that the adjustable non-slip footpads are properly positioned and adjusted to prevent wobbling and protect your flooring.

8. TROUBLESHOOTING

If you encounter issues with your ODK Gaming Desk, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Desk is wobbly	Uneven floor; loose screws	Adjust non-slip footpads; tighten all assembly screws.
LED lights not working	Power connection issue; faulty strip/controller	Ensure power cord is fully plugged in; check connections to LED strip and controller. If problem persists, contact customer support.
USB ports/AC outlets not providing power	Desk power cord unplugged; circuit overload	Verify desk power cord is plugged into a live wall outlet; reduce number of devices plugged in.
Missing parts during assembly	Packaging error	Contact ODK customer support immediately with your purchase details.
