

LEGO 60408

LEGO City Sports Car Transport Truck

MODEL: 60408

Introduction

This instruction manual provides detailed guidance for assembling and operating your LEGO City Sports Car Transport Truck (Model 60408). This set is designed for children aged 7 years and older, offering an engaging building experience and extensive play opportunities with a multi-vehicle transport truck and three sports cars.

The set includes a truck with a two-level trailer, a 1950s-style tail dragger, a 1970s-style muscle car, a modern electric sports car, and four minifigures. These components allow for diverse role-play scenarios and interactive features.

Components Overview

The LEGO City Sports Car Transport Truck set (60408) contains 998 pieces, allowing for the construction of the following main elements:

- **Transport Truck:** A blue and grey truck cab designed to pull the car transporter trailer.
- **Two-Level Car Transporter Trailer:** A blue and black trailer with adjustable ramps and two decks for carrying vehicles.
- **1950s Tail Dragger:** A classic-style yellow and black car with flame decals.
- **1970s Muscle Car:** A purple sports car with white accents.
- **Modern Electric Sports Car:** An orange and black sleek sports car.
- **Four Minifigures:** Various characters to enhance play and interaction with the vehicles.
- **Accessories:** Includes a first-aid kit and a fire extinguisher for realistic play scenarios.

Setup and Assembly

Assembly of the LEGO City Sports Car Transport Truck (60408) is guided by the included illustrated step-by-step instructions. For an enhanced building experience, a digital guide is available through the LEGO Builder app, which provides zoom and rotate tools for 360-degree model viewing during construction. The set is divided into several buildable sections, allowing for a progressive and rewarding assembly process. Each vehicle and the truck/trailer combination are built individually before being integrated.

Operating Instructions

The LEGO City Sports Car Transport Truck offers several interactive features for dynamic play:

- **Tilting Cab:** The cab of the transport truck can be tilted forward to reveal the engine compartment, allowing for simulated maintenance and repairs.
- **Detachable Trailer:** The car transporter trailer can be easily hitched and unhitched from the truck cab.
- **Adjustable Ramps:** The ramps on both the upper and lower decks of the trailer can be lowered to facilitate loading and unloading of the sports cars.
- **Two-Level Loading:** The upper deck of the trailer can be raised and lowered, enabling the transport of multiple cars on two levels.
- **Removable Car Roofs:** The roofs of the sports cars can be removed to place minifigures inside.

**Tilt the driver's cab
to view the engine**

Maintenance

To ensure the longevity and cleanliness of your LEGO City Sports Car Transport Truck set, follow these maintenance guidelines:

- **Cleaning:** LEGO bricks can be cleaned using a mild soap solution and lukewarm water (not exceeding 40°C or 104°F). Rinse thoroughly with clear water and allow to air dry. Avoid using hot water, harsh chemicals, or abrasive materials, as these can damage the plastic.
- **Storage:** Store your LEGO set in a clean, dry place away from direct sunlight and extreme temperatures. This helps prevent discoloration and deformation of the plastic elements.
- **Handling:** Handle the assembled models with care to prevent pieces from detaching. If pieces become loose, reattach them firmly.

Troubleshooting

If you encounter any issues during assembly or play, consider the following common solutions:

- **Missing Pieces:** Double-check all packaging materials and the building area. If a piece is genuinely missing, contact LEGO Customer Service for assistance.
- **Difficulty Connecting Pieces:** Ensure you are using the correct pieces as indicated in the instructions. Apply firm, even pressure to connect bricks.
- **Model Instability:** Review the assembly steps to confirm all connections are secure and correctly placed. Loose connections can lead to instability.
- **Digital Instructions:** If using the LEGO Builder app, ensure your device has a stable internet connection for optimal performance and access to all features.

Specifications

Model Number	60408
Brand	LEGO
Series	LEGO City
Number of Pieces	998
Recommended Age	7 Years+
Material	Plastic
Item Dimensions (L x W x H)	21.26 x 11.1 x 3.09 inches
Item Weight	1.38 Kilograms
Assembly Required	Yes

Safety Information

Attention! Choking hazard. Small elements. Not suitable for children under 36 months.

Always supervise young children during play to prevent accidental ingestion of small parts. Ensure all pieces are securely connected during assembly and play.

Warranty and Support

LEGO products are manufactured to high-quality standards. If you experience any issues with your set, such as missing or defective parts, please visit the official LEGO website for customer support. You can find detailed information on warranty, replacement parts, and contact options at www.lego.com/service. The LEGO Builder app also provides additional support and building resources.
