## SETUP AND ASSEMBLY

---

This furniture item arrives in one volume. Assembly is required. The assembly system utilizes screws, minifix connectors, and dowels. An assembly manual with detailed step-by-step instructions and diagrams is included with the product packaging. Please refer to this manual for specific assembly guidance.

### Important Safety Information

**Caution:** Exercise care during assembly and disassembly to prevent injury or damage to the product. The customer is solely responsible for all installation processes.

### Delivery Inspection

Upon delivery, the customer must verify the quantity of packages indicated on the invoice and thoroughly inspect the packaging condition. If any damage is observed, **DO NOT sign the receipt and REFUSE the merchandise**. Assembly, disassembly, and other installations are the customer's responsibility. We are not responsible for carrying items up stairs/elevators or for transport by crane in apartments. Any additional expenses incurred for such services are the customer's responsibility.

## OPERATING INSTRUCTIONS

---

The cabinet features two hinged doors equipped with metallic hinges for smooth and stable opening and closing. The integrated lock provides security for your stored items; ensure the key is kept in a safe place. Utilize the three internal shelves for organized storage of various items and the four side niches for easy access to smaller accessories or decorative pieces.

## MAINTENANCE AND CARE

---

To clean the product, use only a damp cloth moistened with water and thoroughly wrung out to avoid saturating the material. Gently wipe surfaces to remove dust and dirt. **DO NOT use abrasive cleaning products**, chemical solvents, or harsh detergents, as these can damage the finish and material of the cabinet.

Regularly check all screws and connectors to ensure they remain tight. Retighten if necessary to maintain the cabinet's stability and structural integrity.

## TROUBLESHOOTING

---

If you encounter any issues during assembly or use, please refer to the included assembly manual for detailed instructions and diagrams. Most common issues can be resolved by carefully following the assembly steps.

- **Wobbly Cabinet:** Ensure all screws and connectors are fully tightened. Verify that the cabinet is placed on a level surface.
- **Doors Not Aligning:** Check the hinge adjustments. Most hinges allow for minor adjustments to align doors properly. Refer to the assembly manual for hinge adjustment details.
- **Missing Parts:** If any parts are missing upon unboxing, contact the seller or manufacturer immediately with your purchase details.
