Product Overview and Features

The SagaSave Electric Cleaning Brush is engineered for efficient and convenient cleaning across various surfaces. Key features include:

- **Compact and Lightweight Design:** Measuring approximately 20x16cm (7.87x6.30in) and weighing 385g (0.85lbs), it features an ergonomic handle for comfortable use and reduced wrist strain. A hanging hook is included for convenient storage.
- **IPX7 Waterproof Rating:** Constructed from high-quality waterproof materials, this scrubber can be safely used in wet environments without risk of damage or short-circuiting.
- **Long Battery Life:** Equipped with a rechargeable battery, it provides up to 2 hours of continuous operation on a full charge. A USB charging cable is provided for easy recharging.
- **Versatile Brush Heads:** Comes with three interchangeable brush heads (flat, sponge, and lambswool) to address different cleaning requirements and surfaces. The snap-on design allows for quick and easy replacement.
- **Multi-Surface Cleaning:** Suitable for kitchens, bathrooms, sinks, tiles, ovens, and more, making it a versatile tool for various household cleaning tasks.

Setup

1. Charging the Device

Before first use, fully charge the electric cleaning brush. Connect the provided USB charging cable to the charging port on the device and plug the other end into a standard USB power adapter (not included) or a computer USB port. The charging indicator (if present) will show the charging status. A full charge typically takes approximately 2 hours of continuous operation.

2. Attaching and Detaching Brush Heads

The brush heads are designed for easy snap-on and snap-off attachment.

- **To Attach:** Align the desired brush head with the rotating shaft on the main unit. Push firmly until it clicks into place.
- **To Detach:** Grip the brush head and pull it away from the main unit. Some models may require a slight twist.

Operating Instructions

1. Power On/Off

Press the power button located on the handle to turn the device on. Press it again to turn the device off.

2. Selecting the Right Brush Head

Choose the appropriate brush head for your cleaning task:

- **Sponge Brush:** Ideal for cleaning delicate and abrasive objects, such as wooden floors and leather sofas.
- **Nylon Brush (Flat Brush):** Suitable for cleaning hard surfaces like bowls, cups, sinks, and tiles.
- **Lambswool Brush:** Best for car polishing, waxing, and sofa polishing.

3. Cleaning Procedure

1. Ensure the desired brush head is securely attached.
2. Apply a suitable cleaning solution to the surface or directly to the brush head, if appropriate for the solution.
3. Turn on the electric cleaning brush.
4. Gently guide the rotating brush over the surface to be cleaned. Avoid applying excessive pressure, as the motor's rotation is designed to do the work.
5. After cleaning, turn off the device.

Maintenance

1. Cleaning the Device

- After each use, detach the brush head and rinse it thoroughly under running water to remove any dirt or cleaning solution residue.
- Wipe the main unit with a damp cloth. Due to its IPX7 waterproof rating, the unit can be rinsed, but ensure the charging port cover is securely closed.
- Do not use abrasive cleaners or solvents on any part of the device.

2. Storage

Store the electric cleaning brush in a dry place, away from direct sunlight and extreme temperatures. Utilize the hanging hook for convenient storage.

Troubleshooting

If you encounter issues with your electric cleaning brush, please refer to the following common solutions:

- **Device not turning on:** Ensure the device is fully charged. Connect it to the USB charging cable and allow it to charge for at least 30 minutes before attempting to power it on again.
- **Brush head not spinning:** Check that the brush head is securely attached to the main unit. If it is loose, reattach it firmly.
- **Reduced power/performance:** This may indicate a low battery. Recharge the device fully.
- **Unusual noise:** Turn off the device immediately. Check for any obstructions in the brush head or rotating mechanism. Remove any debris before restarting.

If the problem persists after attempting these solutions, please contact customer support.

Safety Information

- Read all instructions before using the appliance.
- Keep the device out of reach of children.
- Do not immerse the charging cable or adapter in water or other liquids.
- Ensure the charging port cover is securely closed before exposing the device to water.
- Do not operate the device if it has been damaged in any way.
- Use only the brush heads and charging cable provided or recommended by the manufacturer.
- Avoid using the device on sensitive surfaces that may be scratched or damaged by abrasive cleaning.

Warranty and Support

For warranty information or technical support, please refer to the documentation included with your purchase or contact SagaSave customer service directly. Please have your model number (B0CWLFTNXT) and purchase date available when contacting support.
For further assistance, please visit the official SagaSave website or contact your retailer.
