Chicco Fit360 ClearTex

Chicco Fit360 ClearTex Rotating Convertible Car Seat Instruction Manual

Model: Fit360 ClearTex

INTRODUCTION

The Chicco Fit360 ClearTex Rotating Convertible Car Seat is designed for ease of use and adaptability, supporting children from rear-facing (4-40 lbs) to forward-facing (26.5-65 lbs). It features a 360° one-hand rotation for convenient child loading and unloading, a Quick Secure Harness System, and the LeverLock Self-Tensioning Lock System for secure installation. The car seat incorporates ClearTex flame retardant-free materials and is GREENGUARD Gold Certified for low chemical emissions, contributing to healthier air quality around your child.

SAFETY INFORMATION

WARNING: DO NOT place a rear-facing child seat on the front seat with an active air bag. DEATH OR SERIOUS INJURY can occur. The back seat is the safest place for children 12 and under. Always refer to the full user guide for complete safety instructions and warnings.

SETUP AND INSTALLATION

The Fit360 ClearTex car seat offers a secure installation using either the vehicle's seat belt with the LeverLock Self-Tensioning Lock System or the LATCH system. Always ensure the car seat is level and securely fastened before use.

LeverLock Self-Tensioning Lock System

The LeverLock system simplifies seat belt installation. Open the LeverLock door on the car seat base, route the vehicle seat belt through the easy-access belt guides, and connect the vehicle buckle. Close and latch the LeverLock door to automatically tighten the belt, providing superior stability with three points of contact. This system ensures a secure installation with minimal effort, eliminating movement from front-to-back or side-to-side.

Ergonomic Comfort

Level Indicators

Two RideRight bubble level-indicators work with the 6-position ReclineSure leveling system to ensure proper vehicle fit and child comfort. Visual red and green indicators confirm the Fit360 is securely installed and in the correct rear-facing or forward-facing position.

OPERATING INSTRUCTIONS

360° One-Hand Rotation

The car seat features a 360° one-hand rotation mechanism. This allows you to rotate the seat towards you for easy loading and unloading of your child. Once your child is secured, rotate the seat to the desired rear-facing or forward-facing position until it locks into place. A green indicator confirms the seat is locked and ready for travel.

Quick Secure Harness System

The Quick Secure Harness System includes a magnetic chest clip for easy fastening and unfastening, a flex-forward buckle that stays out of the way during loading, and harness pockets to keep straps contained. The 15-position easy-adjust headrest simultaneously adjusts the harness height, accommodating your child's growth.

COMFORT AND CONVENIENCE FEATURES

The ergonomic seat shell and ultra-plush seat pad provide enhanced comfort. Built-in ventilation on the car seat back allows for airflow, ensuring a comfortable ride. The car seat includes two flexible, removable, and dishwasher-safe cup holders for added convenience.

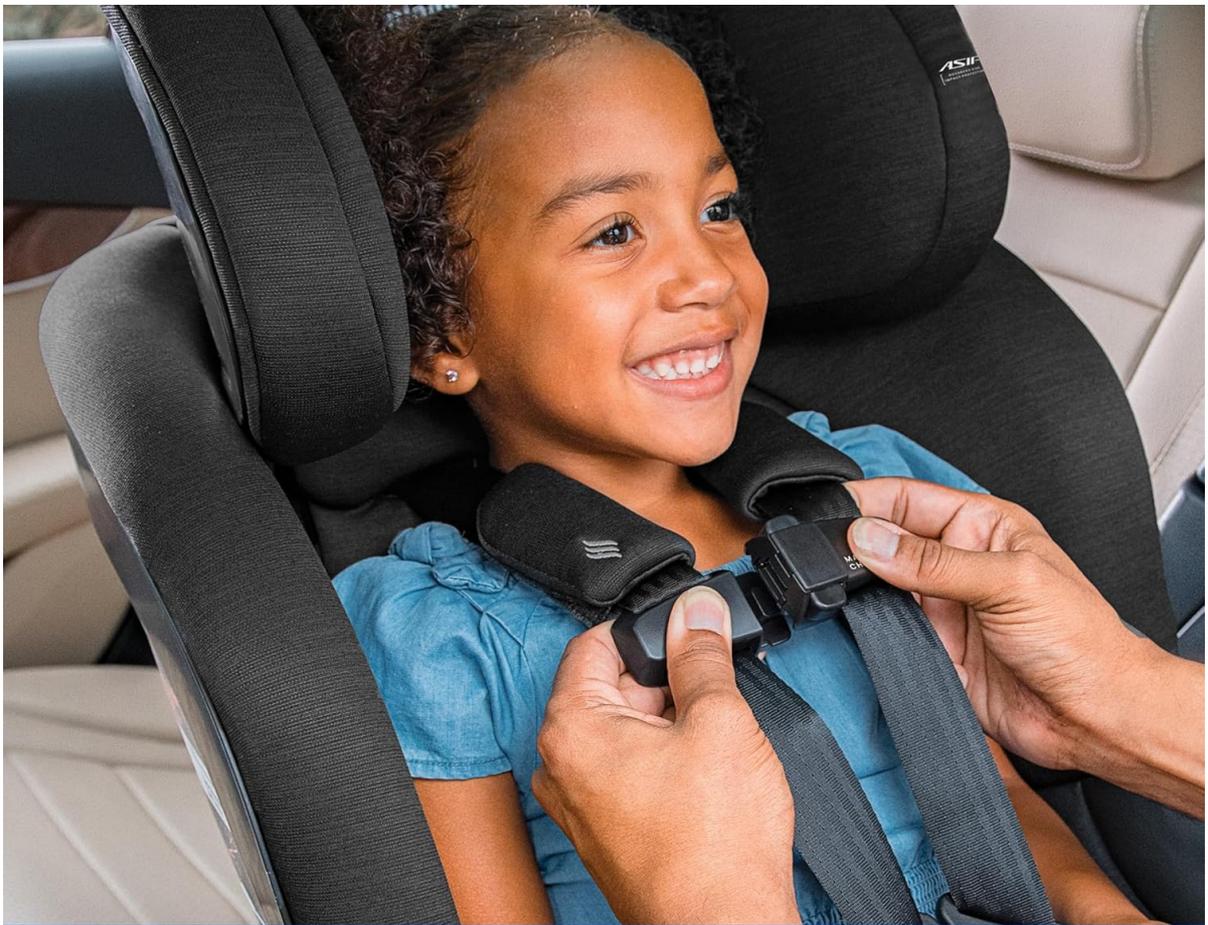

ClearTex Materials

The Fit360 ClearTex features flame retardant-free materials and is GREENGUARD Gold Certified for low chemical emissions, promoting healthier air quality for your child.
