## Novzix S1 Black 2Pack

# Novzix Key Tracker User Manual

Model: S1 Black 2Pack

## INTRODUCTION

---

The Novzix Key Tracker is a smart item locator designed to help you find your valuable belongings. This device works seamlessly with Apple's Find My network, allowing you to track keys, bags, wallets, luggage, and more. Please note that this device is specifically designed for use with Apple devices and is not compatible with Android systems.

This manual provides comprehensive instructions for setting up, operating, and maintaining your Novzix Key Tracker to ensure optimal performance.

## SETUP

---

To begin using your Novzix Key Tracker, follow these steps to pair it with your Apple device:

1. **Power On:** Ensure your Novzix Key Tracker has a working battery. The device comes with a pre-installed battery and a spare.
2. **Open Find My App:** On your iPhone, iPad, or Mac, open the "Find My" application.
3. **Add Item:** Navigate to the "Items" tab within the Find My app. Tap the "+" icon and select "Add Other Item".
4. **Pairing Mode:** Follow the on-screen instructions in the Find My app. You may need to press and hold the button on your Novzix Key Tracker to put it into pairing mode. The device will emit a sound or light indicator when ready.
5. **Confirm Connection:** Once detected, confirm the connection in the app. You can then name your tracker and assign an emoji for easy identification.

## OPERATING INSTRUCTIONS

---

Once your Novzix Key Tracker is paired, you can utilize its features through the Apple Find My app:

### Global Tracking

Leverage the vast Apple Find My network to locate your items worldwide. If your item is out of Bluetooth range, the Find My network, composed of millions of Apple devices, can help pinpoint its location and report it back to you privately and securely.

# Global Tracking

Using Apple's Find My network you can locate your items worldwide.

## Find Near By (Play Sound)

When your Novzix Key Tracker is within Bluetooth range, you can make it play a sound to help you locate it. Open the Find My app, select your item, and tap "Play Sound". The tracker will emit an audible alert, guiding you to its exact location.

# Find Near By

Play Sound And Find it.

Image: Using the 'Play Sound' feature to locate nearby items.

## Loss Prevention Notifications

The Novzix Key Tracker can alert you if you leave an item behind or if it moves away from you. Enable "Notify When Left Behind" in the Find My app settings for your tracker. You will receive a notification on your Apple device when the tracker is no longer detected near you, helping prevent loss.

## Easily track various items

Keys, wallets, backpacks, suitcases, and even pets, among others, play a role in various application scenarios such as preventing children and elderly people from getting lost.

### Versatile Tracking Applications

The Novzix Key Tracker is suitable for a wide range of items, including keys, wallets, backpacks, suitcases, and can even assist in tracking pets or preventing elderly individuals from getting lost.

## Low power consumption & durable for one year.

Long-lasting battery life, replaceable battery design with a spare battery included.

Usable for 365 days.

With a spare battery included

Plastic face cover

## MAINTENANCE

---

### Battery Replacement

The Novzix Key Tracker features a replaceable battery designed for long-lasting use, typically up to one year. When the battery is low, the device will indicate this, and you will receive a notification in the Find My app. To replace the battery:

1. Locate the battery compartment on the back of the tracker.
2. Carefully open the cover using a small tool if necessary.
3. Remove the old CR2032 coin cell battery.
4. Insert a new CR2032 battery with the positive (+) side facing up.
5. Close the battery compartment cover securely.

# Loss prevention

It alerts you when you've left something behind or when it moves away from you.
