SETUP AND ASSEMBLY INSTRUCTIONS

Assembly typically takes approximately 2 hours with two people. Follow the detailed step-by-step instructions provided in the separate assembly guide included in your package. Ensure you have adequate space and all tools before starting.

General Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Compare them against the parts list in your assembly guide.
2. **Assemble the Headboard:** Attach the bookcase sections and install the barn door sliding mechanism. Secure the adjustable shelves as desired.
3. **Install Charging Station:** Integrate the charging station into the designated slot on the headboard.
4. **Assemble Bed Frame Sides:** Connect the side rails to the headboard and footboard.
5. **Install Metal Slats:** Secure the 12 heavy-duty metal slats to the bed frame. Ensure they are properly locked into place for stability and noise reduction.
6. **Assemble Under-Bed Drawers:** Construct the two wooden drawers and attach the wheels and handles.
7. **Insert Drawers:** Slide the assembled drawers into their designated spaces under the bed frame.
8. **Final Checks:** Verify all connections are tight and the frame is stable.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary to maintain stability and prevent noise.
- **Weight Distribution:** Distribute weight evenly across the bed frame to prevent stress on individual components.
- **Charging Station Care:** Keep the charging station free of dust and debris. Do not spill liquids on it.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame is wobbly or noisy.	Loose hardware; uneven assembly; slats not properly secured.	Check and tighten all bolts and screws. Ensure all metal slats are fully locked into their positions. Verify the bed is on a level surface.
Missing parts or damaged components upon arrival.	Shipping damage or packaging error.	Do not proceed with assembly. Contact VanAcc customer service immediately with your purchase details and a list of missing/damaged parts.
Charging station not working.	Not plugged into wall outlet; faulty outlet; damaged unit.	Ensure the bed frame's power cord is securely plugged into a functional wall outlet. Test the outlet with another device. If still not working, contact customer service.
Drawers do not slide smoothly.	Overloaded drawers; debris in tracks; damaged wheels.	Reduce the weight in the drawers. Check for any obstructions or debris under the bed or in the drawer tracks. Inspect wheels for damage.
