Tribesigns AMZJW0428VS 4-Tier Wood Fruit and Vegetable Basket Stand Rack Instruction Manual

Model: AMZJW0428VS

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Tribesigns 4-Tier Wood Fruit and Vegetable Basket Stand Rack. Designed for versatile storage, this unit is suitable for various settings including kitchens, pantries, offices, and retail spaces. Please read all instructions carefully before assembly and use to ensure safe and proper operation.

SAFETY INFORMATION

- Always use the provided foot pads to ensure stability on all surfaces.
- Do not exceed the maximum weight capacity of 100 pounds per layer or 400 pounds for the entire unit to prevent tipping or damage.
- Utilize the anti-reverse straps to secure the unit and prevent accidental overbalancing, especially if placed in high-traffic areas or with children present.
- Keep the unit away from excessive moisture to prevent material degradation.
- Ensure all screws and connections are tightened securely during assembly and periodically check for looseness.

PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. Refer to the assembly video for visual identification of parts.

- Engineered Wood Shelf Panels (4 tiers, each with two compartments)
- Metal Frame Components (legs and support bars)

- Assembly Hardware (screws, dowels, foot pads, anti-reverse straps)
- Assembly Guide (included in packaging)

SETUP AND ASSEMBLY

Assembly is required for this product. Please follow the steps outlined in the video below for a smooth installation process. It is recommended to have a clear, flat workspace.

Video: Detailed assembly instructions for the Tribesigns Wood Fruit and Vegetable Basket Stand Rack. This video demonstrates each step of connecting the wooden panels and metal frame components, including the use of dowels, screws, and securing the shelves. It also shows the final placement of the shelves into the assembled frame.

Assembly Steps Overview:

1. **Prepare Components:** Lay out all wooden panels and metal frame parts. Identify screws, dowels, and other hardware.
2. **Assemble Wooden Baskets:** Connect the side panels to the base of each wooden basket using dowels and screws. Ensure a snug fit.
3. **Assemble Metal Frames:** Connect the horizontal bars to the vertical frame pieces using the provided screws. Create two identical side frames.
4. **Attach Crossbars:** Secure the crossbars between the two assembled metal side frames to form the main structure.
5. **Install Baskets:** Carefully slide each wooden basket into its designated slot within the metal frame. Secure them with the appropriate screws and washers.
6. **Final Adjustments:** Ensure all connections are tight and the unit is stable. Attach foot pads to the bottom of the legs and install anti-reverse straps if desired.

OPERATING INSTRUCTIONS

The Tribesigns 4-Tier Wood Fruit and Vegetable Basket Stand Rack is designed for efficient and accessible storage. Each tier features two angled compartments, allowing for easy viewing and retrieval of items.

- **Loading Items:** Place fruits, vegetables, snacks, or other items into the angled baskets. The design facilitates air circulation, which can be beneficial for fresh produce.
- **Capacity:** Each individual layer can hold up to 100 pounds. Distribute weight evenly across the baskets to maintain stability.
- **Versatile Use:** This rack can be used in various environments for different storage needs, such as a fruit and vegetable display, a kitchen pantry organizer, a snack station, or a retail display unit.
- **Hooks:** Utilize the integrated metal hooks on the side for hanging small items like kitchen towels, bags, or utensils.

MAINTENANCE

To ensure the longevity and appearance of your storage rack, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the surfaces with a dry cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive liquids, as these can damage the wood finish and metal coating.
- **Spills:** Immediately clean any spills to prevent staining or damage to the wood.
- **Hardware Check:** Periodically inspect all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Placement:** Avoid placing the unit in direct sunlight or near heat sources, which can cause the wood to warp or fade.

TROUBLESHOOTING

- **Unit is Unstable/Wobbly:**
 - Ensure all assembly screws are fully tightened.
 - Check that the unit is on a flat, level surface. Adjust the foot pads if necessary.
 - Verify that the weight on the shelves is evenly distributed and not exceeding the capacity.
- **Difficulty Assembling:**
 - Refer to the assembly video and included guide for step-by-step visual instructions.

- Ensure you are using the correct hardware for each step as indicated in the instructions.
- Do not force parts together; if a part does not fit, re-check the orientation and instructions.

- **Damaged or Missing Parts:**

- Contact Tribesigns customer support with your model number and details of the issue for assistance.

SPECIFICATIONS

Feature	Specification
Brand	Tribesigns
Model Number	AMZJW0428VS
Product Dimensions	12.2"D x 29.13"W x 55.12"H
