

Keyluv KLV-UP-256

Keyluv Queen Bed Frame User Manual

MODEL: KLV-UP-256

Brand: Keyluv

1. INTRODUCTION

Thank you for choosing the Keyluv Queen Bed Frame. This upholstered platform bed frame features a 55-inch tall headboard with integrated LED lights, two convenient storage drawers, and robust wood slat support. Designed for comfort and durability, this manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure a long-lasting and satisfying experience with your new bed frame.

Important Safety Information:

Be cautious when using the storage drawers to prevent unexpected sliding and potential injury. Always ensure drawers are fully closed when not in use.

2. PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact Keyluv customer support.

- Upholstered Headboard with LED Lights
- Footboard
- Side Rails (2)
- Storage Drawers (2) with wheels
- Wood Slats and Support Bars
- Hardware Pack (screws, bolts, nuts, Allen wrench)
- LED Remote Control
- Instruction Manual (this document)

Queen Size Bed Frame for Mattress W60"xL80"

45 mins Assembly
Package in 1 box

3. SETUP AND ASSEMBLY

Assembly typically takes about 45 minutes with two people. All necessary tools are included. Follow these steps carefully:

- 1. Unpack and Identify Parts:** Lay out all components on a clean, soft surface (like a rug or blanket) to prevent scratches. Verify all parts against the package contents list.
- 2. Assemble the Headboard:** Attach the side wings to the main headboard section. Ensure all bolts are securely tightened.
- 3. Connect Side Rails:** Attach the side rails to the headboard and footboard using the provided hardware. Do not fully tighten bolts until the frame is aligned.
- 4. Install Center Support:** Place the central metal support bars and legs into position. These provide crucial stability for the mattress.
- 5. Place Wood Slats:** Lay the wood slats across the frame, ensuring they are evenly spaced and secured to the side rails. The slatted platform design eliminates the need for a box spring, promoting mattress breathability.
- 6. Assemble Storage Drawers:** Construct the two storage drawers. Attach the wheels to the bottom of each drawer for smooth operation.
- 7. Insert Drawers:** Slide the assembled drawers into the designated compartments beneath the bed frame.

8. **Final Tightening:** Once the entire frame is assembled and aligned, go back and fully tighten all bolts and screws.
9. **Mattress Placement:** Place your Queen size mattress (recommended thickness 10-16 inches) directly onto the wood slats.

4. OPERATING INSTRUCTIONS

4.1 LED Headboard Lights

The integrated LED lights in the headboard can be controlled via the included remote control or a dedicated smartphone application (APP). This allows for adjustment of colors, modes, and brightness to create your desired ambiance.

- **Remote Control:** Use the remote to power on/off, change colors, select dynamic modes (e.g., flash, fade), and adjust brightness levels. Refer to the remote's specific button functions.
- **Smartphone APP:** Download the recommended APP (details in a separate small leaflet usually included with the LED kit). Connect your smartphone via Bluetooth to the LED controller. The APP offers advanced controls including a color wheel for precise color selection, music sync mode, and timer settings.

4.2 Storage Drawers

The two storage drawers at the foot of the bed provide convenient space for organizing bedroom items. Each drawer is equipped with wheels for smooth and quiet operation on various floor surfaces.

- **Opening/Closing:** Gently pull the tufted front panel to open the drawer. Push firmly to close.
- **Capacity:** Utilize the spacious interior for linens, clothing, or other personal belongings. Avoid overloading to ensure smooth drawer function and prevent damage.

5. MAINTENANCE

Proper care will extend the life and appearance of your Keyluv bed frame.

- **Velvet Fabric:**

- Regularly vacuum with a soft brush attachment to remove dust and debris.
- For spills, blot immediately with a clean, dry cloth. Do not rub.
- For stubborn stains, use a mild fabric cleaner specifically designed for velvet, testing on an inconspicuous area first.
- Avoid direct sunlight to prevent fading.

- **Frame Structure:**

- Periodically check all bolts and screws and tighten if necessary to maintain structural integrity and prevent squeaking.
- Wipe metal and wood components with a damp cloth as needed.

- **LED Lights:**

- Dust the LED strip gently with a dry, soft cloth.
- Ensure the power adapter and connections are secure.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights not working.	Loose connection, power adapter issue, remote battery dead, LED strip damage.	Check all cable connections. Ensure power adapter is plugged in correctly. Replace remote battery. If still not working, contact customer support.
Bed frame is squeaking or wobbly.	Loose bolts/screws, uneven floor, damaged slat.	Tighten all assembly bolts and screws. Ensure the bed is on a level surface. Inspect wood slats for damage and replace if necessary.
Storage drawers do not slide smoothly.	Overloaded drawer, debris in track, damaged wheel.	Reduce weight in the drawer. Clean any debris from the drawer tracks and wheels. Inspect wheels for damage.

7. SPECIFICATIONS
