Setup and Assembly

The eclife vanity requires assembly. Follow the instructions provided in the package and refer to the diagrams and videos below for guidance. It is recommended to have at least two people for assembly.

Key Components Overview:

Understand the main components: hardwood plywood material, drawer construction, zinc alloy handles, stainless steel hinges, and aluminum alloy foot pads.

Assembly Steps:

1. **Unpack and Identify Parts:** Carefully unbox all packages. Lay out all components and hardware. Compare them with the parts list in your instruction manual to ensure everything is present.
2. **Assemble Cabinet Frame:** Follow the numbered steps in your manual to connect the main cabinet panels. Ensure all cam locks and dowels are securely fastened.
3. **Install Drawers:** Assemble the drawer boxes according to the instructions. Install the drawer slides onto the cabinet and the drawer boxes.
4. **Attach Doors:** Mount the stainless steel hinges to the cabinet doors and then attach the doors to the cabinet frame. Adjust hinges as needed for proper alignment (refer to hinge adjustment video).
5. **Install Foot Pads:** Secure the aluminum alloy foot pads to the base of the vanity.
6. **Place Sink:** Carefully place the ceramic vessel sink onto the vanity top. Ensure it is properly aligned and sealed

according to plumbing best practices.

7. **Install Faucet and Drain:** Connect the water-saving faucet and drain assembly. Ensure all connections are watertight.
8. **Secure to Wall (Optional but Recommended):** For added stability and safety, secure the vanity to the wall using appropriate wall anchors (not included).

Operating Instructions

Your eclife bathroom vanity is designed for daily use with convenience and efficiency in mind.

Faucet Operation:

- The included faucet features a 1.5 GPM aerator, designed to save up to 30% water.
- Operate the faucet handle to control water flow and temperature.

The faucet is equipped with a water-saving system to reduce water consumption.

Drawer and Door Usage:

- The vanity features 13 drawers and 4 doors with frosted glass for maximized storage.
- Drawers are equipped with 304 stainless steel slides for smooth operation.
- Doors have soft-close hinges to prevent slamming.

Utilize the spacious drawers and cabinet doors for organized storage.

Maintenance and Care

Proper care will ensure the longevity and appearance of your eclife bathroom vanity.

Cleaning Instructions:

- **Cabinet:** Wipe with a damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the engineered wood surface.
- **Ceramic Sink:** The ceramic sink surface is scratch and stain-resistant. Clean with mild soap and water. Rinse thoroughly and dry with a soft cloth.
- **Faucet:** Clean the faucet with a soft cloth and mild soap. Do not use abrasive cleaners, acids, or harsh chemicals, as these can damage the finish.

The vanity features a waterproof cover for enhanced durability and easier cleaning.

General Care:

- Avoid placing extremely hot items directly on the vanity surface.
- Promptly wipe up any spills to prevent water damage.
- Regularly check and tighten any loose hardware.

Troubleshooting

If you encounter any issues with your eclife bathroom vanity, refer to the common problems and solutions below.

Common Issues:

- **Loose Doors/Drawers:** Check the hinge and slide screws. Tighten them if loose. Refer to the hinge adjustment video for door alignment.
- **Leaking Faucet/Drain:** Ensure all plumbing connections are securely tightened. Check for proper application of plumber's tape or sealant where necessary.
- **Water Flow Issues:** Check the faucet aerator for clogs. Unscrew and clean if necessary.
- **Cabinet Instability:** Ensure all assembly hardware is tightened. If the vanity is not secured to the wall, consider doing so for added stability.

If the problem persists after attempting these solutions, please contact eclife customer support for further assistance.
