4. OPERATING INSTRUCTIONS

4.1 Charging Your Devices

The Kuulaa 3 in 1 Charging Station allows for simultaneous wireless charging of your compatible devices.

- **For iPhone (Mag-Safe compatible models):** Place your iPhone onto the magnetic charging pad. The strong magnetic connection will securely hold your device in place and initiate charging.
- **For Apple Watch:** Place your Apple Watch onto the dedicated watch charging module. The module can be extended or retracted as needed.
- **For AirPods:** Place your AirPods case (with wireless charging capability) onto the designated charging area at the base of the station.

8. MAINTENANCE

- Keep the charging station clean and free from dust. Use a soft, dry cloth to wipe the surfaces.
- Avoid exposing the device to extreme temperatures, humidity, or direct sunlight.
- Do not disassemble or attempt to repair the charging station yourself. This may void the warranty and cause damage.

9. TROUBLESHOOTING

Problem	Possible Cause / Solution
Device not charging	◦ Ensure the charging cable is securely connected to both the station and the power adapter. ◦ Verify the power adapter is functioning correctly and plugged into a live outlet. ◦ Check if your device is properly aligned on the charging pad. For phones, ensure it's centered on the magnetic area. ◦ Remove any thick phone cases that might interfere with wireless charging. ◦ Ensure your device is wireless charging compatible.
Slow charging	◦ Use a power adapter that supports fast charging (e.g., 20W or higher for iPhones). ◦ Ensure no foreign objects are between the device and the charging pad. ◦ Avoid using your device extensively while it's charging wirelessly.
Light ring not working or stuck	◦ Ensure the charging station is powered on. ◦ Try touching and holding the control ring for 2 seconds to reset it. ◦ Unplug and re-plug the power cable to restart the station.
