

## mafiti MT-856

# mafiti LED Desk Lamp User Manual

Model: MT-856

## 1. INTRODUCTION

Thank you for choosing the mafiti LED Desk Lamp. This lamp is designed to provide versatile and eye-friendly illumination for various activities such as working, reading, and studying. With its adjustable lighting modes, brightness levels, and convenient USB charging port, it offers a modern and functional lighting solution for your home or office.

This manual will guide you through the setup, operation, and maintenance of your new desk lamp to ensure optimal performance and longevity.

## 2. WHAT'S IN THE BOX

- mafiti LED Desk Lamp
- Power Cable
- User Manual

## 3. PRODUCT FEATURES

### 3.1 Versatile Lighting Options

The mafiti desk lamp offers **5 unique Lighting Modes** (white, warm, warm white, cold, and cold white) and **3 adjustable Brightness Levels** (Low, Middle, High). These settings can be easily adjusted via touch control to suit your specific needs and environment.

## 3.3 Flexible and Portable Design

The lamp features a slim profile and a flexible lamp head and arm that can be adjusted from 0° to 225° to direct light precisely where needed. Its foldable design allows for compact storage and easy portability, making it suitable for various spaces and travel.

# ADJUST DIFFERENT ANGLES AS WHAT YOU LIKE

The LED Desk Lamp Arm could rotate from  $0^{\circ}$  to  $225^{\circ}$

Turn the LED Desk Lamp Arm down and fold the support to the base to carry it easily.

## 4. SETUP

1. **Unpack:** Carefully remove the lamp and all components from the packaging.
2. **Placement:** Place the lamp on a stable, flat surface. Ensure the base is fully supported to prevent tipping.
3. **Connect Power:** Insert the power cable into the Type-C port on the back of the lamp's base. Plug the other end of the power cable into a suitable USB power adapter (not included) and then into a wall outlet.
4. **Adjust Arm:** Gently unfold and adjust the lamp arm and head to your desired position. The arm can rotate up to 225 degrees.

## 5. OPERATING INSTRUCTIONS

The mafiti LED Desk Lamp features intuitive touch controls located on its base.

Image: Detailed guide to touch control functions.

## 5.1 Power On/Off and Brightness Adjustment

Use the **Power Button** (ⓘ) on the lamp base:

- **1 Touch:** Turns the lamp **ON** (default brightness).
- **2 Touches:** Adjusts to **Middle Brightness**.
- **3 Touches:** Adjusts to **Highlight Brightness** (maximum).
- **4 Touches:** Turns the lamp **OFF**.

## 5.2 Light Color Mode Adjustment

Use the **Mode Button** (M) on the lamp base:

- Press the **Mode Button** (M) repeatedly to cycle through the 5 different light color modes (white, warm, warm white, cold, cold white).

## 5.3 USB Charging Port

To charge your devices, connect your device's USB cable to the standard USB port located on the lamp's base. The lamp must be powered on for the USB charging function to work.

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your mafiti LED Desk Lamp, follow these simple maintenance guidelines:

- **Cleaning:** Disconnect the lamp from the power source before cleaning. Use a soft, dry cloth to wipe down the lamp. Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish or electronic components.
- **Storage:** If storing the lamp for an extended period, fold it into its compact position and store it in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the lamp or subjecting it to strong impacts. Do not attempt to disassemble the lamp or replace the LED light source, as this will void the warranty.

Image: The lamp is designed for a long lifespan of up to 30,000 hours.

## 7. TROUBLESHOOTING

If you encounter any issues with your mafiti LED Desk Lamp, please refer to the following common problems and solutions:

| Problem                        | Possible Cause                                 | Solution                                                                                                                               |
|--------------------------------|------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Lamp does not turn on.         | No power connection.                           | Ensure the power cable is securely connected to the lamp and the power adapter, and the adapter is plugged into a working wall outlet. |
| Light flickers or is dim.      | Insufficient power supply or loose connection. | Check power connections. Ensure you are using a compatible USB power adapter.                                                          |
| USB charging port not working. | Lamp is off or power supply is insufficient.   | Turn the lamp on. Ensure the power adapter provides sufficient power for both the lamp and charging.                                   |

| Problem                          | Possible Cause               | Solution                                                                                         |
|----------------------------------|------------------------------|--------------------------------------------------------------------------------------------------|
| Touch controls are unresponsive. | Temporary electronic glitch. | Disconnect the lamp from power for 30 seconds, then reconnect. Try touching the controls firmly. |

If the problem persists after trying these solutions, please contact customer support for further assistance.
