SETUP AND ASSEMBLY

The ovios 2-piece patio set comes with all necessary hardware and tools for assembly. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a soft, clean surface to prevent scratches.
2. **Identify Parts:** Refer to the included diagram to identify each component (chair frames, cushions, screws, etc.).
3. **Initial Screw Placement:** When attaching parts, try to line up all screws and slightly screw them into the screw holes. *Do not tighten them fully until all screws for that section are in place.* This allows for minor adjustments and ensures proper alignment.
4. **Tighten All Screws:** Once all screws for a section are in place and aligned, gradually tighten them securely. Avoid over-tightening.
5. **Attach Cushions:** Place the seat and back cushions onto the assembled chairs.
