1. **Prepare the Area:** Clear a spacious, clean, and soft area for assembly to prevent damage to the furniture.
2. **Identify Parts:** Lay out all panels and hardware. Refer to the included parts diagram (if available in packaging) to identify each component.
3. **Assemble the Main Frame:** Follow the step-by-step diagrams provided in the separate assembly guide to connect the side panels, bottom panel, and back panel using the designated hardware. Ensure all connections are secure.
4. **Install Drawer Slides:** Attach the drawer slides to the inner sides of the dresser frame according to the instructions. Pay attention to the orientation of the slides.

## 5. OPERATION

---

The Galano Sofia dresser features seven drawers for organized storage: three smaller drawers at the top and four larger drawers below. The wide top surface can be used for displaying decorative items, jewelry, or cosmetics.

- **Opening/Closing Drawers:** Use the handles to gently pull drawers open and push them closed. Avoid forcing drawers.
- **Weight Distribution:** Distribute items evenly within drawers to prevent strain on the drawer slides and maintain stability. Avoid placing excessively heavy items in a single drawer.
- **Top Surface:** The top surface is suitable for light decorative items. Avoid placing hot or wet objects directly on the surface without protection.

## 6. MAINTENANCE AND CARE

---

Proper care will ensure the longevity and appearance of your Galano Sofia dresser.

- **Cleaning:** Wipe the dresser with a dry cloth to remove dust and dirt. For more stubborn marks, use a slightly damp cloth with mild soap, then immediately dry with a clean, dry cloth. Avoid abrasive cleaners or harsh chemicals.
- **Spills:** Clean spills immediately to prevent staining or damage to the wood finish.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten as necessary to maintain structural integrity.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the finish.

---
