SETUP AND ASSEMBLY

Follow these steps to assemble your Dripex Baby Bassinet:

1. Unpack the playard from the carry bag.
2. Lift the short side rails until they audibly lock into place.
3. Lift the long side rails until they audibly lock into place.
4. Push down the central bottom firmly until it locks into place.
5. Place the mattress base inside the playard.
6. If using the bassinet mode, zip the upper bed frame into place and secure the support bars.
7. If using the changing table, attach it to the top rails.
8. For rocking mode, install the two rocking tubes onto the diagonal pipes at the corners.

OPERATING MODES

Bedside Sleeper Mode

The bedside sleeper features a retractable side with 2 adjustable heights (22"/28"), allowing it to attach securely to an adult bed with safety straps. This provides effortless care for your baby during nighttime feedings or comfort, keeping them close while ensuring safety and convenience.

Changing Table Mode

The bassinet includes a removable, wipeable changing table with U-shaped grooves for baby's safety. The diaper table bottom is made of water-resistant fabric for easy cleaning. Side storage pockets keep diapers and essentials within reach,

making changes quick and hassle-free.

Rocking Cradle

Rocking Bassinet Mode

Easily switch between rocking and stationary modes. Gently rock your baby to sleep with the soothing swing angle motion, or secure the pack and play for a calm, stable environment. The rocking tubes are installed on the diagonal pipes at the corners.

Playard Mode

When your baby outgrows the bassinet, remove the top layer to transform it into a spacious playpen. The breathable mesh sides provide airflow and visibility, giving your little one a safe space to play. A zippered side opening allows older children to crawl in and out independently.

MAINTENANCE

- Regularly inspect all parts for wear and tear. Ensure all locking mechanisms are secure before each use.
- The diaper changing table is made of water-resistant fabric and can be easily wiped clean with a damp cloth.
- For general cleaning, wipe fabric surfaces with a damp cloth and mild soap. Do not use harsh abrasives or bleach.

TROUBLESHOOTING

Side Rails Not Locking

Ensure the base is not pushed down before locking the side rails. Lift the base slightly, lock all four rails by pulling them up

until they click, then push the base down firmly.

Difficulty Folding

Ensure all side rails are unlocked and the mattress base is pulled up before attempting to fold. The central bottom mechanism must be disengaged for the playard to collapse properly.
