# TecTake Garden Stool Model 405091 Instruction Manual

Brand: tectake

## 1. Product Overview

The TecTake Garden Stool (Model 405091) is a versatile outdoor furniture piece designed for comfort and durability. It features a robust steel frame with a rattan-look polyethylene weave and includes a comfortable cushion with a removable, water-resistant cover. This stool can also function as a practical side table by removing the cushion.

## 2. Safety Instructions

- **Maximum Load Capacity:** Do not exceed the maximum recommended load of**80 kg** (176 lbs) on the stool.
- **Assembly:** Ensure all components are correctly assembled and all screws are securely tightened before use. Refer to the assembly instructions.
- **Outdoor Use:** While the stool is weather-resistant, for prolonged product life and to protect against material fatigue and discoloration, it is recommended to use a protective cover when not in use or during harsh weather conditions.
- **Stability:** Place the stool on a flat, stable surface to prevent tipping. The anti-slip feet provide enhanced stability.
- **Cleaning:** Use only mild cleaning agents and a soft cloth. Avoid abrasive cleaners that may damage the materials.

Image 2.1: The stool is designed to be wind and weather resistant, but a protective cover is recommended for extended outdoor life.

## 3. Components List

Before assembly, verify that all parts are present and undamaged. The package includes:

- Stool frame (disassembled)
- Comfort cushion with removable cover
- Assembly kit (including stainless steel screws)

## 4. Setup and Assembly

The TecTake Garden Stool requires assembly. Follow these steps for a simple and quick setup:

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify the frame pieces and the stainless steel screws from the assembly kit.
3. Connect the frame sections as indicated in the included assembly instructions. Ensure all connections are aligned correctly.
4. Secure all connections using the provided stainless steel screws. Do not overtighten initially.
5. Once all screws are in place, gradually tighten them until the frame is firm and stable.
6. Place the comfort cushion on top of the assembled stool.

The stool features floor-protective and anti-slip corner feet for enhanced stability and to prevent damage to surfaces.

## 5. Operation

The TecTake Garden Stool offers dual functionality:

- **As a Stool:** Use the stool with the comfort cushion in place for seating. The cushion provides a comfortable surface.
- **As a Side Table:** The cushion can be easily removed to transform the stool into a practical side table. This is ideal for holding drinks, books, or other small items.

Image 5.1: The stool's elegant design and its ability to function as both a seat and a side table.

## 6. Maintenance

Proper maintenance will ensure the longevity and appearance of your garden stool:

- **Cushion Care:** The cushion cover is removable and washable. It is made from a water-resistant polyester blend. For cleaning, remove the cover and follow the care instructions on the label.
- **Frame Care:** The steel frame is powder-coated for corrosion resistance. Clean the frame and rattan weave with a soft cloth and mild soapy water. Rinse thoroughly and dry completely to prevent water spots.
- **Protection:** For outdoor use, especially during prolonged periods of non-use or adverse weather, cover the stool with a protective furniture cover to shield it from elements and extend its lifespan.
- **Screws:** The stool uses stainless steel screws, which are resistant to rust. Periodically check all screws for tightness and re-tighten if necessary.

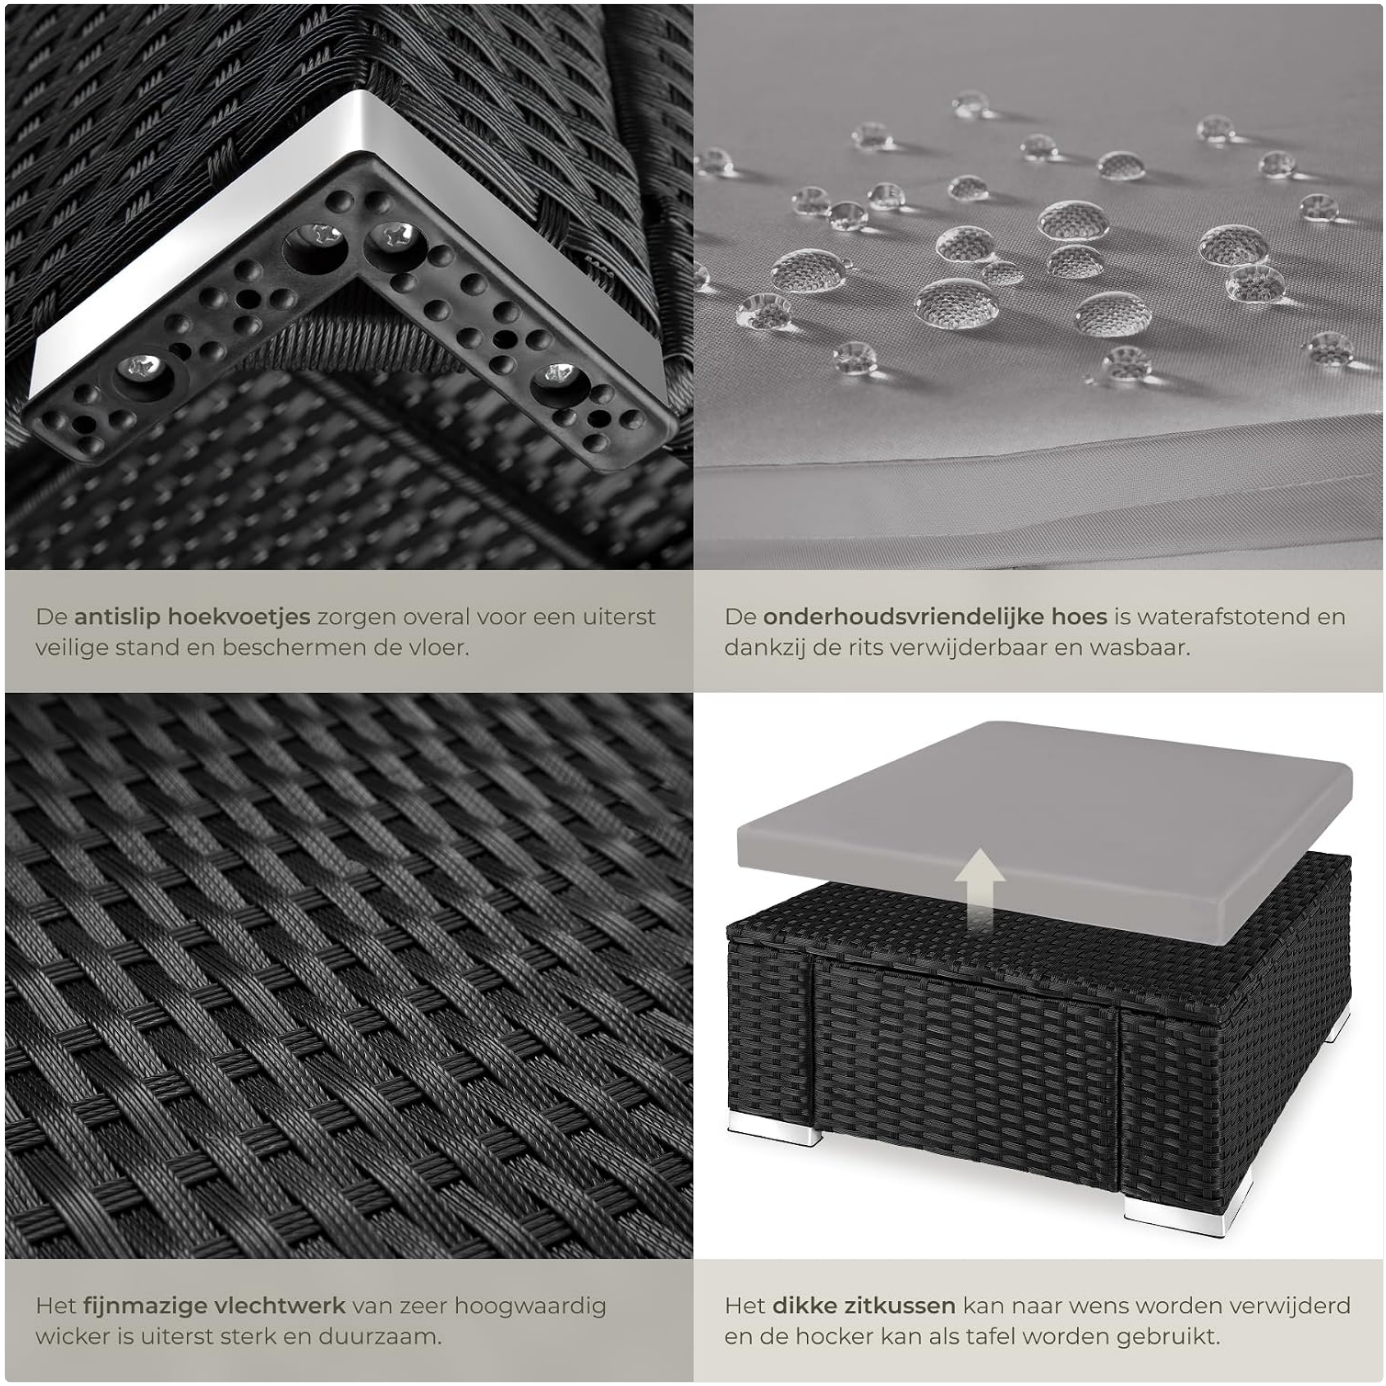

Image 6.1: Detailed views of the anti-slip feet, water-resistant cushion fabric, durable rattan weave, and the cushion removal process for maintenance.

## 7. Troubleshooting

This section addresses common issues you might encounter:

- **Stool feels wobbly:** Ensure all assembly screws are fully tightened. Check that the stool is placed on a flat, even surface.
- **Cushion slides:** While the cushion is designed to be removable, if excessive sliding occurs, consider adding anti-slip pads between the cushion and the stool frame.
- **Discoloration or wear:** Over time, exposure to harsh weather can cause wear. Using a protective cover when not in use is the best way to prevent this.

## 8. Specifications

| Feature | Detail |
|---|---|
| Model Number | 405091 |
| Dimensions (L x W x H) | 53 x 53 x 26 cm (20.9 x 20.9 x 10.2 inches) |
| Weight | 5.7 kg (12.6 lbs) |
| Maximum Load Capacity | 80 kg (176 lbs) |
