## MAINTENANCE

To ensure the longevity and optimal performance of your laptop stand, follow these maintenance guidelines:

- **Cleaning:** Wipe the stand with a soft, dry, or slightly damp cloth. Avoid using abrasive cleaners or solvents, as these can damage the carbon steel finish.
- **Inspection:** Periodically check all joints and connections to ensure they are secure.
- **Storage:** When not in use, fold the stand to its compact form and store it in a dry, clean place to protect it from dust and potential damage.

## TROUBLESHOOTING

If you encounter any issues with your Portronics My Buddy K11 Laptop Stand, refer to the following common solutions:

- **Stand feels wobbly:**
  - Ensure the stand is placed on a completely flat and stable surface.

- Verify that all adjustable joints are securely tightened.
- Ensure your laptop is centered on the platform to distribute weight evenly.

- **Difficulty adjusting height/angle:**

- The joints are designed to be firm to hold heavy laptops. Apply gentle, consistent pressure when adjusting.
- Avoid forcing the joints beyond their intended range of motion.

- **Device slipping:**

- Ensure the anti-slip silicone pads on the platform are clean and free from dust or debris.
- Confirm your device's weight does not exceed the maximum capacity of 10 kg.
