Blitzwolf BW-CML2 Pro RGB Monitor Light Bar User Manual

1. INTRODUCTION

This manual provides essential instructions for the safe and effective use of your Blitzwolf BW-CML2 Pro RGB Monitor Light Bar. Please read this manual thoroughly before installation and operation, and retain it for future reference.

2. PACKAGE CONTENTS

Verify that all items listed below are present in your package:

- Blitzwolf BW-CML2 Pro RGB Monitor Light Bar
- Monitor Mounting Clip
- DC Power Adapter
- User Manual

3. PRODUCT OVERVIEW

The Blitzwolf BW-CML2 Pro is an RGB monitor light bar designed to provide adjustable illumination for your workspace. It features touch controls for brightness, color temperature, and RGB lighting.

An image showing the Blitzwolf BW-CML2 Pro RGB Monitor Light Bar. The light bar is black with an illuminated strip. On the top surface, touch controls are visible, including buttons for color temperature adjustment, power, and brightness adjustment. The light bar is mounted on an adjustable clip designed to attach to a monitor.

4. SETUP INSTRUCTIONS

1. **Attach the Mounting Clip:** Securely attach the monitor mounting clip to the top edge of your monitor. Ensure the light bar is positioned to illuminate your desk area without causing screen glare.
2. **Connect Power:** Plug the DC power adapter into the power input port on the light bar. Then, connect the adapter to a standard electrical outlet.
3. **Adjust Position:** Adjust the angle of the light bar to achieve optimal illumination for your workspace.

5. OPERATING INSTRUCTIONS

The light bar features intuitive touch controls located on its top surface.

- **Power On/Off:** Touch the **Power button** (*circle with vertical line*) to turn the light bar on or off.
- **Brightness Adjustment:** Touch the **Brightness '+' or '-'** buttons (*sun icon with plus/minus*) to increase or decrease the light intensity.
- **Color Temperature Adjustment:** Touch the **Color Temperature '+' or '-'** buttons (*light bulb icon with plus/minus*) to cycle through different color temperature modes (e.g., warm white, neutral white, cool white).
- **RGB Mode:** The light bar supports RGB color. Specific controls for RGB mode selection and adjustment may be integrated with the color temperature or a dedicated button. Refer to the product packaging or additional documentation for detailed RGB control instructions if not immediately apparent from the main controls.

6. MAINTENANCE

To ensure the longevity and optimal performance of your light bar, follow these maintenance guidelines:

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry cloth to wipe the surface of the light bar. Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish.
- **Storage:** If storing the light bar for an extended period, ensure it is clean and dry. Store it in a cool, dry place away from direct sunlight.

7. TROUBLESHOOTING

If you encounter issues with your Blitzwolf BW-CML2 Pro, refer to the following common problems and solutions:

- **Light bar does not turn on:**
 - Ensure the DC power adapter is securely connected to both the light bar and a working electrical outlet.
 - Verify that the power outlet is functional by testing it with another device.
- **Light intensity is too low or too high:**
 - Use the Brightness '+' and '-' buttons to adjust the light intensity to your preference.
- **Color temperature is not as desired:**

- Use the Color Temperature '+' and '-' buttons to cycle through available color temperature modes.
