AJAZZ AKP153

AJAZZ AKP153 Stream Controller User Manual

Model: AKP153 | Brand: AJAZZ

Product Overview

The AJAZZ AKP153 Stream Controller is a versatile studio deck equipped with 15 customizable macro keys. It is designed to trigger actions within various applications and software, including OBS, Twitch, and YouTube, offering seamless integration for content creators and professionals. Compatible with both Mac and PC systems, this device enhances workflow efficiency through personalized shortcuts and automation.

Package Contents

Upon unboxing, please verify that all the following items are included in your package:

Image: An illustration showing the contents of the AJAZZ AKP153 package.

- AJAZZ AKP153 Stream Controller
- Desktop Stand
- USB-C Braided Cable
- Quick Start Guide

Initial Setup

System Requirements

- Operating System: Windows, macOS
- Available USB Port (Mini USB 2.0 Type B)

Connecting the Device

1. Connect the provided USB-C braided cable to the Mini USB 2.0 Type B port on the AJAZZ AKP153 Stream Controller.

2. Plug the other end of the USB cable into an available USB port on your computer (Windows or Mac).
3. The device should be recognized by your operating system.

Software Installation

1. For Windows users, download the necessary software from the official AJAZZ website: http://www.a-jazz.com/en/search.jsp?id=422&q=AKP153.
2. Follow the on-screen instructions to complete the software installation.
3. Launch the AJAZZ customization software to begin configuring your Stream Controller.
4. Explore the AJAZZ Marketplace within the software for additional plugins, icons, and pre-made profiles.

Operating Instructions

Customizing Buttons

- Open the AJAZZ customization software.
- Select a button on the virtual representation of the AKP153.
- Assign an action to the selected button. Actions can include launching applications, executing keyboard shortcuts, controlling media, or running complex macros.
- Customize the icon displayed on the button for easy visual identification.
- Save your profile. You can create multiple profiles for different applications or workflows.

Using the Side Screen

- The side screen can display real-time information.
- Within the software, configure the side screen to show data such as CPU usage, temperature, memory status, or even weather updates.
- This provides quick access to essential system information without needing to switch applications.

Workflow Automation

- Utilize the macro creation feature to automate repetitive tasks.
- Combine multiple commands into a single button press to streamline complex operations.
- For example, a single button can be configured to launch OBS, switch to a specific scene, and start streaming simultaneously.

Care and Maintenance

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid using harsh chemicals or abrasive materials, as these can damage the surface and the LCD keys.

- Ensure the device is kept in a dry environment and away from extreme temperatures.
- Handle the USB cable and port gently to prevent damage.

Troubleshooting

Device Not Responding or Slow Response

- **Check USB Connection:** Ensure the USB cable is securely connected to both the AKP153 and your computer. Try a different USB port.
- **Restart Software:** Close and restart the AJAZZ customization software.
- **Restart Device:** Disconnect and reconnect the AKP153 from your computer.
- **Update Drivers/Software:** Ensure you have the latest version of the AJAZZ software installed from the official website.
- **System Resources:** If your computer is under heavy load, it might affect the device's responsiveness. Close unnecessary applications.

Buttons Not Functioning as Expected

- **Check Profile:** Verify that the correct profile is active in the AJAZZ software for the application you are using.
- **Reconfigure Action:** Delete and re-assign the action to the problematic button within the software.
- **Software Conflicts:** Ensure no other software is interfering with keyboard or macro inputs.

Technical Specifications

Feature	Specification
Model	AKP153
Color	Black
Number of Keys	15
Interface	Mini USB 2.0 Type B
Material	ABS Plastic
Dimensions (Package)	19 x 13 x 7 cm
Weight (Item)	480 g
Power Type	Wired Electric
Compatibility	Windows, Mac

Warranty and Customer Support

The AJAZZ AKP153 Stream Controller typically comes with a standard return policy. Please refer to your purchase documentation or the retailer's website for specific details regarding the return period (e.g., 30 days).

For technical support, software updates, or further assistance, please visit the official AJAZZ website or contact their customer service channels. Specific warranty terms and conditions may vary by region and retailer.
