SETUP

1. Initial Charging

Before first use, fully charge the tablet. Connect the provided USB charging cable to the tablet's charging port and the other end to a compatible USB power adapter (not included) or a computer's USB port.

- A full charge typically takes 3-4 hours.
- The battery indicator on the screen will show charging status.

2. Powering On/Off

- **To Power On:** Press and hold the Power button located on the side of the tablet until the YQSAVIOR logo appears.

- **To Power Off:** Press and hold the Power button until the power options menu appears. Select "Power Off" and confirm.

3. Initial Setup Wizard

Upon first power-on, the tablet will guide you through an initial setup process:

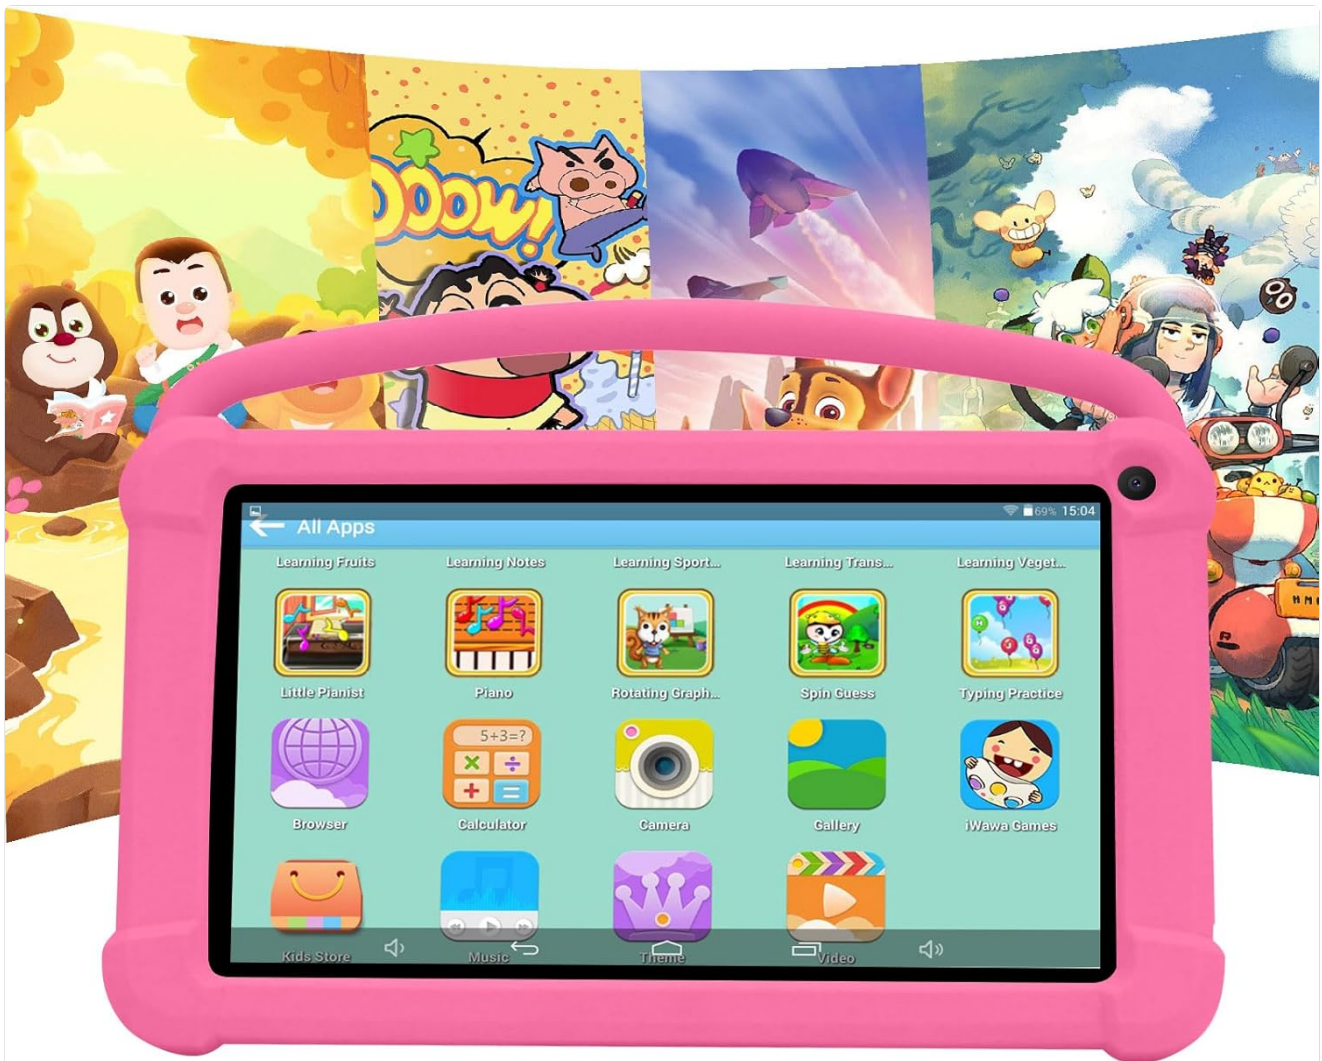

1. Select your preferred language.
2. Connect to a Wi-Fi network. This is essential for downloading apps and updates.
3. Sign in with your Google account or create a new one. This is required for accessing the Google Play Store and other Google services.
4. Follow on-screen prompts to complete the setup.

MAINTENANCE

1. Cleaning the Tablet

- Use a soft, lint-free cloth to clean the screen and body.
- For stubborn smudges, slightly dampen the cloth with water or a screen cleaner.
- Avoid using harsh chemicals, abrasive materials, or excessive moisture.

2. Battery Care

- Avoid completely draining the battery frequently.
- Do not expose the tablet to extreme temperatures.

- Use only the provided charging cable or a certified compatible alternative.

3. Software Updates

Regularly check for and install system updates to ensure optimal performance and security. Go to Settings > System > System update.

4. Storage Management

The tablet has 32GB of internal storage, expandable up to 512GB via a Micro SD card (not included).

- To insert a Micro SD card, locate the card slot on the side of the tablet and gently push the card in until it clicks.
- Regularly clear cache and uninstall unused apps to free up space.
