Maydolly N-226

Maydolly Baby Changing Table User Manual

Model: N-226

INTRODUCTION

Thank you for choosing the Maydolly Baby Changing Table. This portable and versatile changing station is designed to provide a comfortable and convenient space for diaper changes, bathing, and other baby care tasks, while reducing strain on parents' backs. Please read this manual carefully before assembly and use to ensure safe and proper operation.

KEY FEATURES

- **Increased Storage:** Equipped with 2 side pockets, 2 shelves, a storage basket, and a clothes rail for organizing diapers, wipes, lotions, clothes, and small toys. The central rod of the mesh storage bag is removable.
- **Reduced Backaches:** Features 4-level adjustable height, suitable for users between 4.8 to 6.0 ft, to prevent bending and kneeling during diaper changes, protecting your spine.
- **Portable & Foldable:** Designed for easy folding in just 2 steps. Silent 360° casters allow effortless movement between rooms without scratching floors, and brakes provide added stability. No need to remove the inner support plate for folding.
- **Simple to Wipe Clean:** Made from skin-friendly and wear-resistant PVC with a waterproof surface, allowing for easy cleaning with a single wipe.
- **Sturdy & Safety:** Features a triangle design with an anti-sway feature for a stable changing experience. Maximum load capacity is 24.3 lbs. The product has CPC certification and meets ASTM safety standards.

SETUP AND ASSEMBLY

The Maydolly Baby Changing Table is designed for straightforward assembly. While specific step-by-step instructions are provided in the included PDF manual, here are general guidelines:

1. **Unpack Components:** Carefully remove all parts from the packaging and verify against the parts list in the detailed instruction manual.
2. **Assemble Frame:** Connect the steel tube frame components according to the diagrams. Ensure all connections are secure and click into place where applicable.
3. **Attach Changing Pad and Storage:** Secure the changing pad surface to the top frame. Install the side pockets, shelves, storage basket, and clothes rail as indicated.
4. **Install Wheels:** Attach the 360° casters to the base of the frame. Ensure the brakes are functional.
5. **Final Checks:** Before first use, double-check all connections, ensure the changing surface is stable, and test the

height adjustment mechanism and wheel brakes.

OPERATING INSTRUCTIONS

Adjusting Height:

The changing table features a 4-level adjustable height mechanism. To adjust, locate the height adjustment buttons or levers on the legs. Simultaneously press or release them and slide the legs to the desired height. Ensure both sides are adjusted evenly and securely locked into place before placing your baby on the table. This feature helps reduce back strain for caregivers of varying heights.

Using Storage Features:

- Utilize the 2 side pockets for frequently accessed items like wipes and creams.
- The 2 shelves and large storage basket below provide ample space for diapers, extra clothing, and other essentials.
- The clothes rail can be used for hanging baby outfits or drying small items. The central rod of the mesh storage bag can be removed if not needed.

Mobility and Stability:

The changing table is equipped with silent 360° casters for easy movement. When the table is in the desired location, engage the brakes on the wheels to ensure stability during use. Always ensure the brakes are engaged when the table is in use to prevent accidental movement.

MAINTENANCE AND CARE

Cleaning the Surface:

The changing table features a waterproof PVC surface. To clean, simply wipe down with a damp cloth and mild soap. Avoid using abrasive cleaners or harsh chemicals, as these may damage the material. Ensure the surface is dry before next use.

Frame Care:

Wipe the steel tube frame with a damp cloth as needed. Periodically check all screws and fasteners to ensure they are tight and secure.

Storage:

When not in use, the changing table can be easily folded for compact storage. Store in a dry place away from direct sunlight to prolong its lifespan.

TROUBLESHOOTING

If you encounter any issues with your Maydolly Baby Changing Table, please refer to the following common solutions:

- **Table feels unstable:** Ensure all frame connections are fully engaged and secured. Check that the height adjustment mechanisms are locked on both sides. Verify that the wheel brakes are properly applied.
- **Difficulty folding/unfolding:** Ensure no items are obstructing the folding mechanism. Refer to the assembly instructions for the correct two-step folding process.
- **Wheels not rolling smoothly:** Check for any debris or hair caught in the casters. Clean the wheels if necessary. Ensure brakes are disengaged when attempting to move the table.

For issues not covered here, or if problems persist, please contact Maydolly customer support.
