OUTON B0CWTS1ZYC

OUTON LED Floor Lamp User Manual

Model: B0CWTS1ZYC

1. Product Overview

The OUTON LED Floor Lamp (Model B0CWTS1ZYC) is a 70-inch tall torchiere floor lamp designed to provide versatile lighting. It features two individually controlled lights: a main torchiere lamp for general room illumination and an adjustable reading light. The lamp offers dimmable brightness and adjustable color temperature, controlled via a remote or foot switch.

2. Package Contents

Please verify that all components are present before assembly:

- Floor Lamp Base
- Lamp Poles (sections)
- Torchiere Lamp Head
- Adjustable Reading Lamp Head
- LED Bulbs (pre-installed or separate)
- Remote Control
- User Manual (this document)

3. Setup Instructions

Assembly of the OUTON LED Floor Lamp is designed to be straightforward and tool-free. Please follow these steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble Lamp Poles:** Connect the lamp pole sections by gently twisting them clockwise until secure. Ensure the power cord runs freely through the poles. When installing a new pole, gently pull the base cord to maintain optimal tension and stability.
3. **Attach Lamp Heads:** Secure the torchiere lamp head and the adjustable reading lamp head to the top pole section.
4. **Insert Bulbs:** If not pre-installed, screw the provided LED bulbs into the sockets of both lamp heads.
5. **Connect to Power:** Place the lamp on a stable, flat surface. The weighted base ensures stability. Plug the power cord into a standard electrical outlet.

Image 3.1: Visual guide illustrating the lamp's dimensions, tool-free assembly, 90-degree adjustable gooseneck for the reading light, and the heavy-weighted base for stability.

4. Operating Instructions

The OUTON LED Floor Lamp offers multiple control methods for convenience.

4.1. Remote Control Operation

The included remote control allows for comprehensive adjustment of the lamp's settings from a distance of up to 50 feet.

- **Power On/Off:** Press the power button to turn the lamp on or off.
- **Brightness Adjustment:** Use the '+' and '-' buttons to adjust brightness from 10% to 100%.
- **Color Temperature Adjustment:** Cycle through 4 color temperature settings (3000K Warm White, 4000K Natural White, 5000K Daylight, 6000K Cool White) using the dedicated buttons.
- **Individual Lamp Control:** The remote allows separate control of the main torchiere lamp and the reading lamp.
- **1-Hour Timer:** Activate the 1-hour timer mode to automatically turn off the lamp after one hour.

Image 4.2: Illustration of the four available color temperature settings: 3000K Warm White, 4000K Natural White, 5000K Daylight, and 6000K Cool White, along with stepless dimmable brightness from 5% to 100%.

4.2. Foot Switch Operation

The integrated foot switch provides a convenient method to turn the lamp on or off without using the remote control.

4.3. Adjustable Reading Light

The reading lamp features a 90-degree adjustable gooseneck, allowing you to direct light precisely where needed for tasks such as reading or crafting.

Image 4.3: The lamp operating with its 1-hour sleep timer function, designed to slowly dim the light for easy sleep.

5. Maintenance

To ensure the longevity and optimal performance of your OUTON LED Floor Lamp, follow these maintenance guidelines:

- **Cleaning:** Disconnect the lamp from the power source before cleaning. Use a soft, dry cloth to wipe down the lamp poles and base. For the lamp shades, a slightly damp cloth can be used, followed by a dry cloth. Avoid abrasive cleaners or solvents.
- **Bulb Replacement:** The lamp uses integrated LED bulbs designed for a long lifespan. If replacement is ever needed, contact customer support for compatible bulb types.
- **Cord Care:** Regularly inspect the power cord for any signs of damage. Do not use the lamp if the cord is frayed or damaged.

6. Troubleshooting

If you encounter issues with your OUTON LED Floor Lamp, refer to the following troubleshooting steps:

Problem	Possible Cause	Solution
Lamp does not turn on.	No power supply.	Ensure the power cord is securely plugged into a working outlet. Check if the outlet has power.
Remote control not working.	Remote battery depleted or remote out of range.	Replace the remote control battery. Ensure you are within the 50-foot operating range.
Light flickers or makes noise.	Incompatible dimmer or faulty bulb.	This lamp is designed for flicker-free operation. If flickering occurs, ensure the bulbs are properly seated. If the issue persists, contact customer support.
Cannot adjust brightness/color temperature.	Remote control issue or lamp malfunction.	Try using the foot switch to confirm basic functionality. If only remote functions are affected, check remote battery. If both fail, contact customer support.

7. Specifications

Feature	Detail
Model	B0CWTS1ZYC
Brand	OUTON
Product Dimensions	8"D x 8"W x 72"H
Item Weight	7.7 pounds
Color	White
Material	Plastic (Base and Shade)
Light Source Type	LED
Wattage	9 watts (per bulb, total 2 bulbs)
Number of Light Sources	2
Brightness	10%-100% Dimmable (Max 1600 LM)
Color Temperature	3000K-6000K (4 settings)
Switch Type	Remote Control & Foot Switch
Control Method	Remote
Included Components	Remote Control
Indoor/Outdoor Usage	Indoor
Efficiency	90% less energy consumption compared with incandescent bulbs
Date First Available	March 1, 2024

8. Warranty Information

This product comes with a manufacturer's warranty. For specific details regarding warranty coverage, duration, and terms, please refer to the warranty card included in your product packaging or contact OUTON customer support directly. Please retain your proof of purchase for warranty claims.

9. Customer Support

For any questions, technical assistance, or support needs not covered in this manual, please contact OUTON customer service. Our team is available to assist you with product inquiries, troubleshooting, and warranty claims.
