

TORRAS COOLiFY Cyber

TORRAS COOLiFY Cyber User Manual

Brand: TORRAS | Model: COOLiFY Cyber

INTRODUCTION

Welcome to the user manual for the TORRAS COOLiFY Cyber, the 2024 flagship neck air conditioner. This device is designed to provide an immersive cooling experience, featuring advanced semiconductor technology and powerful airflow for personal temperature management. It also includes a heating function for versatile use. Please read this manual thoroughly to understand the product's features, setup, operation, and maintenance to ensure optimal performance and longevity.

WHAT'S IN THE BOX

- TORRAS COOLiFY Cyber Wearable Air Conditioner x1
- Portable Carry Bag x1
- Fast-Charging USB-C Cable x1

Image: The TORRAS COOLiFY Cyber device, its portable carry bag, and the USB-C charging cable.

SETUP GUIDE

## 1. Initial Charging

Before first use, fully charge your COOLiFY Cyber. Connect the provided USB-C fast-charging cable to the device and a compatible power adapter (not included). The device features a 6000mAh battery and supports 20W fast charging, reaching 80% charge in approximately 1.2 hours.

## 2. Wearing the Device

The COOLiFY Cyber is designed with ErgoFit Engineering for maximum comfort. Gently place the device around your neck, ensuring the cooling plates are in contact with your skin. Adjust for a snug yet comfortable fit. The flexible design accommodates various neck sizes.

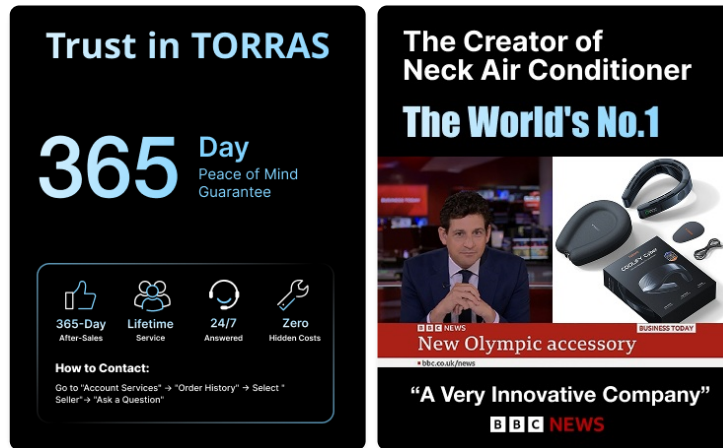

Image: A man demonstrating how to wear the COOLiFY Cyber, showing both side and back views for proper placement.

## 3. App Connection (Optional)

For personalized temperature management and advanced features, download the TORRAS APP. Follow the in-app instructions to pair your COOLiFY Cyber. The app allows for precise control over fan, cooling, and heating modes, as well as intelligent auto modes and timers.

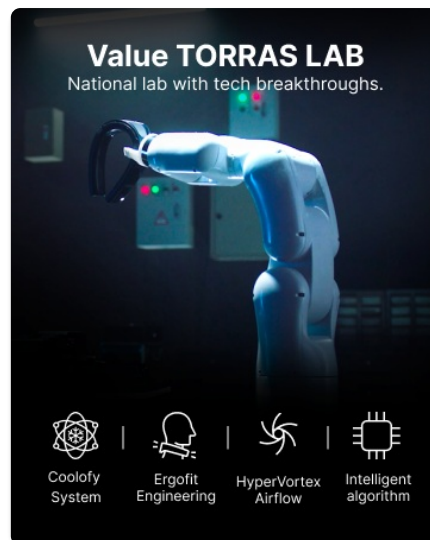

Image: A woman interacting with the TORRAS mobile application to control the COOLiFY Cyber's settings.

## OPERATING INSTRUCTIONS

### Power On/Off and Mode Selection

The COOLiFY Cyber can be controlled via physical buttons on the device or through the TORRAS APP.

- **Power Button:** Press and hold to power on/off. Short press to cycle through modes (Fan, Cooling, Heating).
- **Intensity Buttons:** Use the +/- buttons on the device or the app to adjust the intensity of the selected mode from 0 to 100.

### Modes of Operation

- **Fan Mode:** Provides airflow without active cooling or heating. Ideal for light ventilation.
- **Cooling Mode:** Activates the 3 TEC cooling modules and graphene heat dissipation for rapid temperature reduction. Features 6 upper and 2 lower air vents for 3D powerful airflow.
- **Heating Mode:** Provides warmth for use in colder environments.
- **Auto Mode (via App):** Intelligently adjusts the device's operation based on ambient temperature and your body.

temperature for optimized comfort.

- **Countdown Timer (via App):** Set a specific duration for the device to operate before automatically turning off.
- **Favorite Mode (via App):** Save personalized settings for quick access to your preferred operating mode and intensity.

Your browser does not support the video tag.

Video: Demonstrates the COOLiFY Cyber's immersive cooling capabilities and advanced technology, including the KU 3.0 chip and Coology system. This video highlights the product's effectiveness in providing personal cooling.

## MAINTENANCE

- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use abrasive cleaners or immerse the device in water. Ensure air vents are clear of dust and debris.
- **Storage:** When not in use, store the COOLiFY Cyber in its portable carry bag in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in active use.

## TROUBLESHOOTING

| Problem                          | Possible Cause                                              | Solution                                                                                                                     |
|----------------------------------|-------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Device not turning on.           | Low battery; device malfunction.                            | Charge the device fully. If the issue persists, contact customer support.                                                    |
| Not cooling/heating effectively. | Vents blocked; incorrect mode; extreme ambient temperature. | Ensure vents are clear. Check mode settings via device or app. In very high temperatures, cooling efficiency may be reduced. |
| App not connecting.              | Bluetooth off; device not in pairing mode; app issue.       | Ensure Bluetooth is enabled on your phone. Restart the device and app. Follow app pairing instructions carefully.            |
| Short battery life.              | High intensity setting; frequent use; aging battery.        | Reduce intensity setting. Ensure full charge before use. Battery performance may degrade over time.                          |

## SPECIFICATIONS
