TYCOLE GDS-606-037 Cone 1x1

TYCOLE Classic Bricks GDS-606-037 Cone 1x1 Instruction Manual

Model: GDS-606-037 Cone 1x1 [No Top Groove]

1. Introduction

Thank you for choosing TYCOLE Classic Bricks. This manual provides essential information for the proper use and care of your GDS-606-037 Cone 1x1 building blocks. These bricks are designed for creative construction and are 100% compatible with major brick brands, including Lego parts 4589-59900-64288.
This set contains 70 pieces of Cone 1x1 bricks, ideal for adding detail and unique shapes to your creations. Please read this manual thoroughly before use.

2. Setup

The TYCOLE Classic Bricks GDS-606-037 Cone 1x1 set requires minimal setup. Follow these steps to prepare your bricks for use:

1. **Unpacking:** Carefully open the packaging and remove all 70 pieces of the Cone 1x1 bricks.
2. **Inspection:** Visually inspect all bricks to ensure they are free from damage or manufacturing defects.
3. **Preparation:** Place the bricks on a clean, flat surface, ready for assembly. No additional tools or assembly are required for the bricks themselves.

3. Operating Instructions

TYCOLE Classic Bricks are designed for creative building and are compatible with other major brick brands. The Cone 1x1 bricks allow for unique architectural details and structural elements in your models.

- **Assembly:** Connect the Cone 1x1 bricks to other building blocks by aligning the studs and pressing them firmly together. The 'no top groove' design ensures a smooth, consistent surface when stacked or placed.
- **Creative Use:** These bricks are ideal for creating roofs, spires, decorative elements, or any structure requiring a conical shape. Experiment with different orientations and combinations.
- **Disassembly:** To separate bricks, gently pull them apart. Avoid excessive force to prevent damage to the bricks or your creations.

These bricks are suitable for all family members, promoting creativity, hand-eye coordination, and mental development through imaginative play and construction.

4. Maintenance

Proper maintenance ensures the longevity and continued quality of your TYCOLE Classic Bricks.

- **Cleaning:** To clean the bricks, wipe them with a soft, damp cloth. For more thorough cleaning, use mild soap and water. Rinse thoroughly and allow to air dry completely before storage. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store bricks in a clean, dry place away from direct sunlight and extreme temperatures. Keeping them in a container will prevent loss and protect them from dust.
- **Handling:** While durable, avoid stepping on or throwing the bricks, as this can cause damage.

TYCOLE products are built to premium standards, ensuring a tight fit with classic building block sets and resistance to easy breakage or bending.

5. Troubleshooting

Most issues with building blocks are minor and easily resolved. Here are some common points:

- **Bricks not fitting together:** Ensure there is no debris or foreign material on the studs or inside the anti-studs. Check for proper alignment before pressing.
- **Bricks separating too easily:** This is uncommon with TYCOLE bricks due to their tight fit. Ensure the connection points are clean and free from oils or residue.
- **Missing pieces:** If you believe pieces are missing from your new set, please contact customer support with your purchase details.

6. Specifications
