NEREIDS NET Vanity Desk with LED Lighted Mirror

Model: NTTYRGFFD576DW

INTRODUCTION

Thank you for purchasing the NEREIDS NET Vanity Desk with LED Lighted Mirror. This versatile makeup vanity table is designed to enhance your daily routine with its integrated LED lighting, ample storage, and functional design. Featuring a mirror with three adjustable lighting colors (warm yellow, warm white, and cold white) and brightness control, it provides optimal illumination for makeup application. The desk includes four drawers and seven shelves, offering extensive space to organize cosmetics, perfumes, and other essentials. Constructed from high-quality MDF board, this vanity desk is built for durability and stability. Please read this manual carefully before assembly and use to ensure proper setup and long-term enjoyment of your new vanity desk.

SAFETY INFORMATION

- Always follow general safety precautions when assembling and using this vanity unit.
- Exercise caution to avoid contact with sharp edges during assembly.
- Ensure the product is not overloaded to maintain stability and prevent damage.
- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Place the vanity desk on a flat, stable surface to prevent tipping.
- Do not expose the LED mirror to excessive moisture or direct water contact.

PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present and undamaged. While this manual provides diagrams for identification, please note that individual pieces may not be explicitly numbered. Carefully compare each physical piece with the corresponding diagrams in the assembly instructions to ensure correct identification.

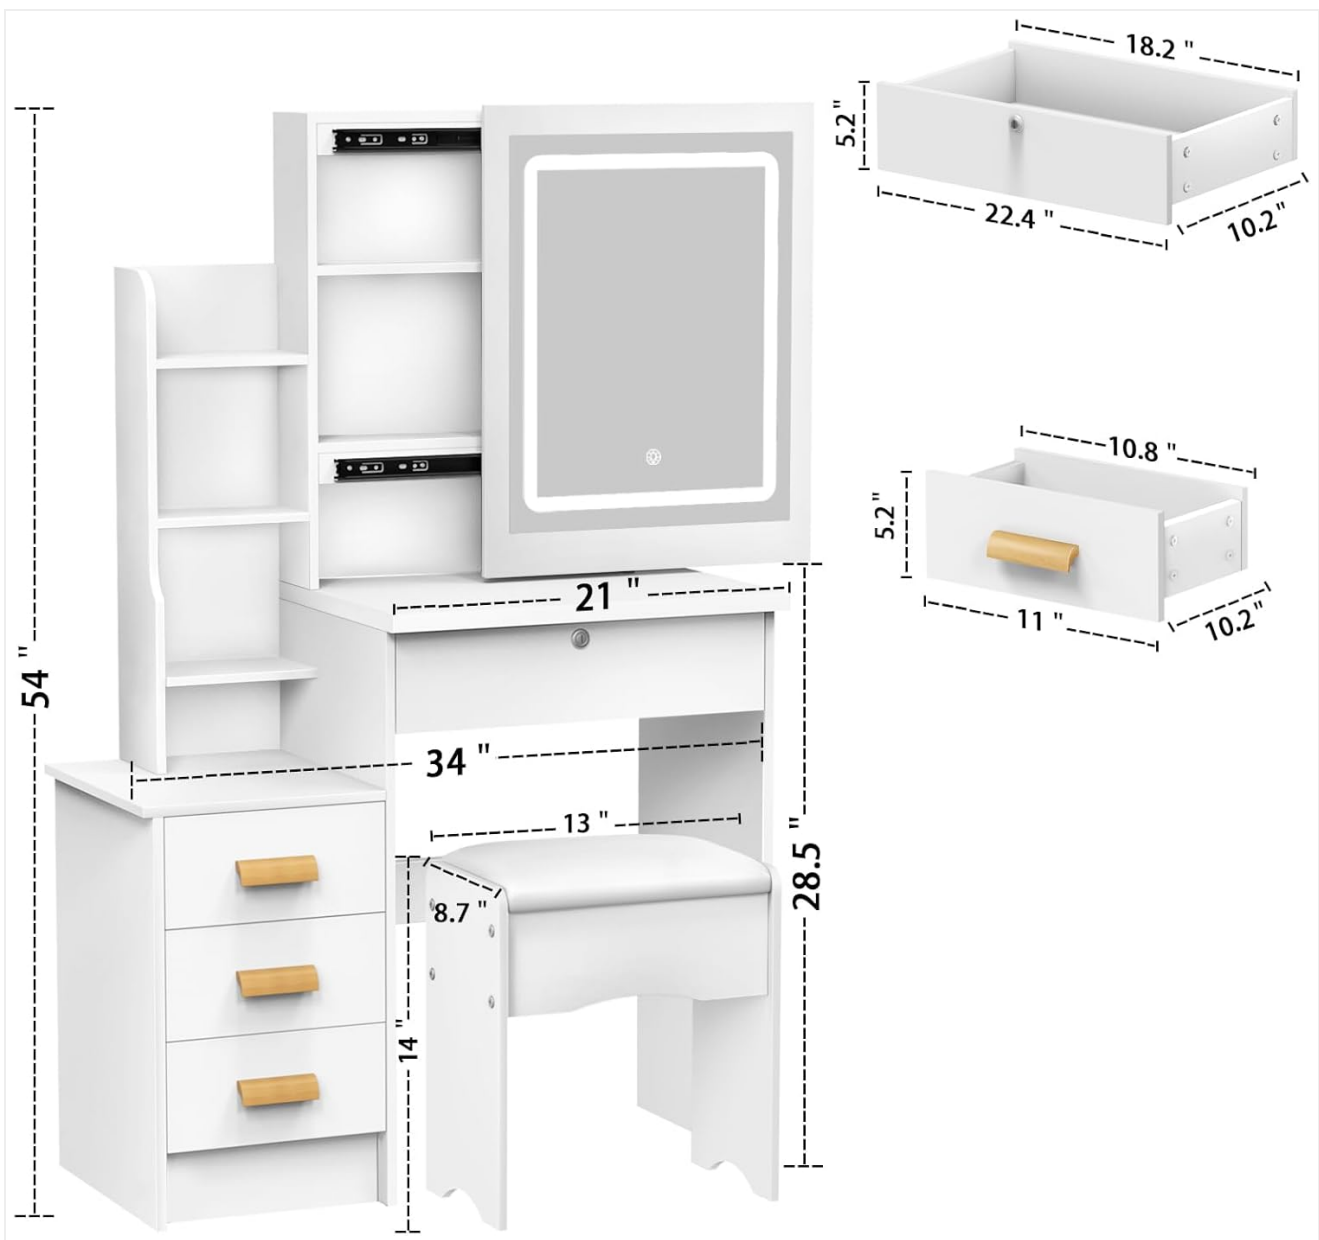

Figure 1: Overview of vanity desk components and dimensions. Please use this diagram to identify parts during assembly.

ASSEMBLY INSTRUCTIONS

Assembly of the NEREIDS NET Vanity Desk requires careful attention to detail. Due to the potential for unnumbered parts, it is crucial to identify each piece accurately using the provided diagrams before proceeding with each step. We recommend laying out all components and hardware in an organized manner prior to starting.

1. **Unpack and Identify Parts:** Carefully unpack all components. Refer to the component diagram (Figure 1) and the step-by-step illustrations to identify each piece by its shape, size, and pre-drilled holes.
2. **Prepare Workspace:** Ensure you have a clean, spacious, and well-lit area for assembly. A soft blanket or cardboard can protect your floor and the furniture pieces from scratches.
3. **Follow Step-by-Step Diagrams:** Proceed through the assembly steps as illustrated in the manual. Pay close attention to the orientation of each piece and the type of hardware required for each connection.
4. **Secure Connections:** Tighten all screws and fasteners securely, but avoid over-tightening, which can damage the material.
5. **Drawer Assembly:** Assemble the four drawers according to the specific instructions, ensuring smooth operation of the drawer slides.
6. **Mirror Installation:** Carefully attach the LED lighted mirror to the main desk unit. Ensure all electrical connections for

the mirror are properly secured.

7. **Final Placement:** Once assembled, carefully move the vanity desk to its desired location. It is recommended to have two people for moving the assembled unit to prevent damage or injury.

OPERATING INSTRUCTIONS

LED Lighted Mirror Operation

The integrated LED mirror features adjustable lighting to suit various needs and preferences.

- **Power On/Off:** Locate the sensitive touchable button on the mirror surface. A short touch will turn the LED lights on or off.
- **Change Color Mode:** With the lights on, touch the button briefly to cycle through the three available color modes: warm yellow, warm white, and cold white.
- **Adjust Brightness:** To adjust the brightness, press and hold the touchable button. The brightness will gradually increase or decrease. Release the button when the desired brightness level is reached.

MAINTENANCE

To ensure the longevity and appearance of your vanity desk, follow these maintenance guidelines:

- **Cleaning:** Wipe the surfaces of the vanity desk with a dry, soft cloth. For stubborn marks, a slightly damp cloth followed immediately by a dry cloth can be used. Avoid abrasive cleaners or harsh chemicals.
- **Mirror Care:** Clean the mirror surface with a glass cleaner and a lint-free cloth. Do not spray cleaner directly onto the mirror; apply it to the cloth first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or damage to the finish.
- **Check Connections:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary.
- **Protect Surfaces:** Use coasters or mats under hot items or liquids to prevent damage to the tabletop.

TROUBLESHOOTING

This section addresses common issues you might encounter with your vanity desk.

| Problem | Possible Cause | Solution |
|--|--|--|
| Difficulty identifying parts during assembly. | Pieces are not numbered, or labels are missing/incorrect. | Carefully compare each piece to the diagrams in the manual, focusing on shape, size, and hole patterns. Lay out all pieces before starting to help with identification. |
| LED mirror light does not turn on or flickers. | Loose power connection, faulty wiring, or damaged LED component. | Check all power connections to the mirror. Ensure the power adapter is securely plugged into both the mirror and a working wall outlet. If the issue persists, contact customer support. |
| Mirror appears broken or damaged upon arrival. | Shipping damage. | Immediately inspect all components upon delivery. If any part, especially the mirror, is damaged, do not proceed with assembly. Contact the seller or manufacturer's customer service for a replacement. |
| Drawers do not slide smoothly or are misaligned. | Incorrect assembly of drawer slides or drawer box. | Review the assembly steps for the drawers and drawer slides. Ensure all slides are installed correctly and are aligned. Check that all screws are tightened appropriately. |
