SETUP

1. Charging the Cleaner

Before first use, fully charge the robotic pool cleaner. The charging process takes approximately 2.5 hours. The LED indicator will show red during charging and turn green when fully charged. An audio prompt will also indicate when charging is complete.

Image: The cleaner's LED indicators showing working, charging, and fully charged states.

2. Placement into the Pool

After charging, ensure the charging port cover is securely closed to prevent water ingress. Press the power button to turn on the cleaner. It will display a flashing blue light and announce, "Welcome to the Seauto pool cleaning robot. I'm ready to work." Gently submerge the cleaner into the pool. The cleaner will automatically begin cleaning the entire pool, including walls and floor.

OPERATING INSTRUCTIONS

Cleaning Modes

The Seauto Crab Robotic Pool Vacuum features 3D-Navi cutting-edge technology for efficient cleaning. By default, it operates in 'All-cover mode', cleaning both the floor and walls of your pool. Other modes (Wall-only and Floor-only) can be accessed via the 'Unlock SEAUTO' app.

Image: Visual representation of the 3D-Navi cleaning path, showing the robot's systematic coverage of pool surfaces.

Wall-Climbing Functionality

The robot is equipped with a Sonar sensor that enables it to detect and climb walls, ensuring thorough cleaning of vertical surfaces and avoiding obstacles. It is suitable for both inground and above-ground pools.

Powerful Suction

With a maximum suction power of up to 45,000 Pa, the cleaner effectively picks up various debris, including sand, small leaves, and stubborn dirt. Front and rear scrubbers assist in dislodging grime.

STRONG SUCTION

45000 Pa

Cordless Design

The cordless design offers freedom of movement and eliminates the hassle of tangled cables, making deployment and retrieval simple.

MAINTENANCE

Filter Basket Cleaning

The large superior filtration basket is easy to clean. Simply remove it from the cleaner and rinse it with water after each use to maintain optimal performance.

Detachable Impeller

The CRAB features an impeller that is easy to disassemble, preventing hair or debris from getting tangled and ensuring smooth operation.

Replaceable Battery

Every Seauto pool cleaning robot is designed with a unique and durable battery that can be easily replaced, extending the lifespan of your device.

TROUBLESHOOTING

If your Seauto Crab Robotic Pool Vacuum encounters an issue, refer to the LED status indicators for guidance:

LED Color	State	Indication
Blue	Initialization phase / Free time	Flashes per 1 or 3 seconds
Yellow	Device is abnormal	Flashes per 1 second
Red	Low battery / Charging	Flashes per 1 second / Solid
Green	Fully charged	Solid
Purple	Failure to get out of trouble	Solid

If the issue persists after consulting the LED status, please contact customer support for further assistance.

SPECIFICATIONS

Feature	Detail
Brand	Seauto
Model Name	CR
Product Dimensions	20.1"L x 18.1"W x 13"H
Item Weight	27.7 pounds (12.59 Kilograms)
Power Source	AC/DC
Battery Type	1 Lithium Ion battery (included)
Lithium Battery Energy Content	7800 Milliamp Hours (mAh)
Control Method	Touch
Special Feature	Lightweight
Material	Plastic, Metal
Color	Black/Grey
UPC	639394255446

WARRANTY AND SUPPORT

The Seauto Crab Robotic Pool Vacuum comes with a 12-month limited warranty. For warranty claims, technical support, or any inquiries, please contact Seauto customer service through the official channels provided at the time of purchase or on the product packaging.

ADAPTABLE TO ALL POOL TYPES
