

ANIEKIN ANIEKIN

ANIEKIN High-Speed Ionic Hair Dryer Instruction Manual

Model: ANIEKIN

1. INTRODUCTION

Thank you for choosing the ANIEKIN High-Speed Ionic Hair Dryer. This manual provides essential information for the safe and effective use of your new appliance. Please read it thoroughly before first use and keep it for future reference.

The ANIEKIN hair dryer is engineered with a 110,000 RPM high-speed brushless motor, delivering powerful airflow up to 26 m/s for ultra-fast drying. Its advanced intelligent temperature control system monitors air temperature over 100 times per second to prevent heat damage. The integrated negative ion technology releases 200 million negative ions, promoting silky, moisturized hair free from static and frizz. Designed for quiet operation, this compact and lightweight dryer offers customizable heat and speed settings, including a cooling mode, making it suitable for home, travel, and professional salon use.

2. SAFETY INFORMATION

WARNING: To reduce the risk of electric shock, fire, or injury, please observe the following safety precautions:

- Keep out of reach of children.
- Do not rinse or submerge the appliance in water.
- Keep the power plug and cord away from heated surfaces.
- Do not use the hair dryer while bathing or near water.
- This hair dryer is equipped with overheat protection to prevent injuries or fire risks.
- Always unplug the appliance after use.

3. PACKAGE CONTENTS

Your ANIEKIN High-Speed Ionic Hair Dryer package includes:

- ANIEKIN High-Speed Ionic Hair Dryer
- Magnetic Concentrator Nozzle
- Magnetic Diffuser

2 Magnetic Attachments

for Any Hairstyles & Hair Types

NATURAL HAIR

CURLY HAIR

Magnetic Concentrator

Magnetic Diffuser

The magnetic attachments are designed for easy attachment and removal, allowing for versatile styling options.

4. SETUP AND ASSEMBLY

1. **Attaching Accessories:** The concentrator nozzle and diffuser attach magnetically to the front of the hair dryer. Simply align the desired attachment with the nozzle opening until it clicks into place.
2. **Power Connection:** Ensure the hair dryer is switched off before plugging it into a suitable power outlet. The power cord features a safety plug.

5. OPERATING INSTRUCTIONS

The ANIEKIN hair dryer offers intuitive controls for a personalized drying experience.

5.1 Power and Settings

- **Power On/Off:** Use the main power button located on the handle to turn the dryer on or off.
- **Speed Settings:** The dryer features 2 speed settings (High, Low) to control airflow intensity.
- **Temperature Settings:** Choose from 4 precise heat settings: Cooling, Warm, Hot, and Cycle. The Cycle mode alternates temperatures for scalp comfort.

Figure 3: Overview of the ANIEKIN Hair Dryer's speed and temperature controls.

5.2 Using Attachments

- **Concentrator Nozzle:** Ideal for precise styling and smoothing. Direct the airflow downwards along the hair shaft to achieve a sleek finish.
- **Diffuser:** Perfect for enhancing natural curls and waves. Use on a low heat and speed setting, gently cupping sections of hair in the diffuser bowl.

5.3 Fast Drying Technology

The ANIEKIN hair dryer's 110,000 RPM brushless motor and 26 m/s wind speed significantly reduce drying time. Expect short hair to dry in 1-2 minutes, medium length hair in 2-3 minutes, and long hair in 4-5 minutes.

Video 3: A user review showcasing the ultra-fast drying capabilities of the ANIEKIN hair dryer and its effect on hair texture.

6. MAINTENANCE

To ensure optimal performance and longevity of your ANIEKIN Hair Dryer, regular maintenance is recommended.

- **Cleaning the Air Filter:** The air filter, located at the base of the handle, should be cleaned regularly (e.g., every 20-30 days) to prevent dust and hair buildup, which can affect airflow and motor performance. Gently twist and pull off the filter cover, then use a soft brush or cloth to remove any debris. Reattach the filter cover securely.
- **Exterior Cleaning:** Wipe the exterior of the hair dryer with a soft, damp cloth. Do not use abrasive cleaners or solvents.

7. TROUBLESHOOTING

If you encounter any issues with your ANIEKIN Hair Dryer, please refer to the following common troubleshooting steps:

- **No Power:** Ensure the power cord is securely plugged into a working outlet. Check the safety plug (ALCI) for a tripped reset button. Press the yellow test button, then the red reset button.
- **Overheating:** The dryer has an overheat protection feature. If it shuts off unexpectedly, unplug it and allow it to cool down for a few minutes. Check the air filter for blockages and clean if necessary.
- **Weak Airflow:** Check the air filter for any obstructions and clean it. Ensure no hair or debris is blocking the air intake or outlet.

If the problem persists after attempting these steps, please contact customer support.

8. SPECIFICATIONS

Feature	Specification
Product Dimensions	3.42 x 2.75 x 9.84 inches
Weight	1.3 Pounds
Item Model Number	ANIEKIN
Manufacturer	ANIEKIN
Material	Plastic
Wattage	1400 watts
Power Source	Corded Electric

9. WARRANTY AND SUPPORT

ANIEKIN is committed to providing high-quality products and excellent customer service.

- **Warranty:** Your ANIEKIN Hair Dryer comes with a 2-year return or replacement policy.
- **Customer Support:** For any inquiries or assistance, our quick after-sales service is available 24 hours via email or phone. Please refer to the product packaging or official ANIEKIN website for contact details.
