SETUP AND ASSEMBLY

Your Beliani Silda sofa bed requires partial assembly. It is recommended that one person performs the assembly, which typically takes 5-15 minutes. No special component connectors are required beyond what is provided.

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Ensure all components listed in the packing list are present.
2. **Attach Legs:** Securely attach the legs to the base of the sofa bed. Ensure they are tightened firmly to provide stability.
3. **Place Cushions:** Position the seat and back cushions onto the sofa frame. The back cushions are removable.

OPERATING INSTRUCTIONS

The Beliani Silda sofa bed features a convenient pull-out mechanism to transform it from a sofa to a bed and vice versa.

Converting to a Bed:

1. **Clear the Area:** Ensure there is sufficient space in front of the sofa for the bed to extend fully.
2. **Pull Out Mechanism:** Grasp the handle or front edge of the seat base and gently pull it outwards. The hidden bed frame will slide out from underneath the sofa.
3. **Unfold Mattress:** As the frame extends, the mattress sections will unfold. Continue pulling until the bed is fully extended and the support legs are securely in place.

2. **Retract Mechanism:** Push the extended bed frame back towards the sofa base until it is fully retracted and secured underneath the seat.

MAINTENANCE AND CARE

Proper care will extend the life and maintain the appearance of your Beliani Silda sofa bed.

Polyester Upholstery Care:

- **Regular Vacuuming:** Vacuum the upholstery regularly using an appropriate attachment to remove dust and debris.
- **Spot Cleaning:** For spills or stains, clean immediately with dry shampoo and a damp sponge or a mild cleaner. Test any cleaning product on an inconspicuous area first.
- **Removable Covers:** The seat and back cushion covers are removable for easier cleaning. Follow the care instructions on the fabric label if available.

General Care:

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading.
- **Fluff Cushions:** Regularly fluff and rotate cushions to maintain their shape and even out wear.
- **Check Connections:** Periodically check and tighten any screws or bolts to ensure the sofa bed remains stable.

TROUBLESHOOTING

If you encounter any issues with your sofa bed, please refer to the following common solutions:

- **Stiff Pull-Out Mechanism:** Ensure there are no obstructions (e.g., rugs, debris) preventing the mechanism from moving freely. Do not force the mechanism. Check if all parts are aligned correctly.
- **Flattened Cushions:** Regularly fluff the cushions by hand to restore their shape and distribute the filling evenly.
- **Wobbling or Instability:** Check all leg attachments and frame connections. Tighten any loose screws or bolts. Ensure the sofa bed is placed on a flat, even surface.

If the problem persists after attempting these solutions, please contact Beliani customer support for further assistance.
