HOMCOM 837-452V80WT

HOMCOM Shoe Bench with Cushion, Storage Bench for Entryway - Model 837-452V80WT Instruction Manual

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your HOMCOM Shoe Bench with Cushion, Model 837-452V80WT. This versatile furniture piece is designed to offer comfortable seating and practical storage solutions for your entryway, hallway, living room, or bedroom. Please read these instructions carefully before assembly and use to ensure safe and correct operation.

SAFETY INFORMATION

For your safety and to prevent damage to the product, please adhere to the following guidelines:

- Do not exceed the weight limit of 321 lbs (145.6 kg) for the overall bench.
- The padded seat has a weight capacity of 286 lbs (130 kg).
- Each cabinet has a weight capacity of 11 lbs (5 kg).
- Each shelf has a weight capacity of 7 lbs (3 kg).
- This bench is not designed to be anchored or secured to a wall. Use caution to prevent tipping, especially when children are present.
- Keep the bench indoors to avoid damage from outdoor elements such as moisture and extreme temperatures.
- Ensure all screws and fasteners are securely tightened during assembly and periodically check for tightness during use.

PRODUCT OVERVIEW

The HOMCOM Shoe Bench with Cushion is designed for functionality and comfort, featuring multiple storage options and a comfortable seating area.

Key Features:

- **Cozy Padded Seat:** A thick cushion wrapped in breathable linen-feel fabric provides a comfortable seating experience. The cushion cover is removable and washable for easy maintenance.
- **Ample Storage:** Two cabinets with knob handles and an open compartment with an adjustable shelf offer sufficient space for shoes, baskets, and various small items.

- **Adjustable Shelf:** The divider within the open compartment is 3-level adjustable, allowing you to customize storage space to accommodate different shoe sizes, including ankle boots and high heels. The divider can also be removed entirely.
- **Robust Construction:** Constructed from melamine-coated MDF, ensuring stability and durability for daily use.

Figure 1: Overall view of the HOMCOM Shoe Bench with Cushion. This image displays the white bench with a grey padded cushion, two cabinet doors, and an open central compartment.

Figure 2: The shoe bench positioned in an entryway, demonstrating its practical use as both seating and shoe storage. A cushion and decorative items are placed on top.

Figure 3: Detailed dimensions of the shoe bench. The overall dimensions are 41.3 inches (W) x 13.8 inches (D) x 18.5 inches (H). The open compartment is 12.2 inches high and 12.8 inches wide.

UPHOLSTERED SEAT

Offers you a comfortable sitting experience

Breathable
Linen-Feel Fabric

Removable and
Washable Cover

3-LEVEL ADJUSTABLE SHELF

Fits shoes of different sizes and types

Figure 7: Diagram illustrating the removable divider feature. This allows for flexible storage, accommodating both standard shoes and taller items like ankle boots or high heels when the divider is removed.

Figure 8: Close-up of a cabinet door, showing the black knob handle and the panel design of the door.

Figure 9: A view of one of the cabinets with its door open, revealing shoes stored inside. This demonstrates the internal storage capacity.

SETUP AND ASSEMBLY

Assembly of the HOMCOM Shoe Bench is required. Please follow the step-by-step instructions and diagrams provided in the separate assembly manual included with your product packaging. Ensure all components are present before beginning assembly.

General Assembly Tips:

- Clear a spacious area for assembly.
- Identify all parts and hardware using the provided list.
- Use appropriate tools as indicated in the assembly manual (e.g., screwdriver, hammer).
- Do not overtighten screws during initial assembly; tighten fully once all parts are aligned.
- It is recommended to have two people for assembly to ensure stability and ease of handling larger components.

OPERATING INSTRUCTIONS

Using your HOMCOM Shoe Bench is straightforward:

Using the Padded Seat:

- The top surface of the bench is equipped with a padded cushion for comfortable seating. Use it for putting on or taking off shoes, or as an additional seating option.
- Ensure the weight placed on the seat does not exceed 286 lbs (130 kg).

Utilizing Storage Compartments:

- **Cabinets:** Open the two cabinet doors using the knob handles to store shoes or other items. Each cabinet provides enclosed storage.
- **Open Compartment:** The central open compartment is ideal for frequently used items or decorative storage.

Adjusting the Shelf:

- To adjust the shelf height in the open compartment, carefully remove the shelf. Reinsert it into the desired set of pre-drilled holes. There are three levels of adjustment.
- For storing taller items like boots, the shelf can be removed entirely from the open compartment.

MAINTENANCE

Proper care will extend the life and appearance of your shoe bench:

- **Cleaning the Bench Frame:** Wipe clean with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the melamine coating.
- **Cushion Care:** The cushion cover is removable and washable. Refer to the care label on the cushion for specific washing instructions. Typically, machine wash cold on a gentle cycle and air dry.
- **Regular Checks:** Periodically inspect all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.
- **Avoid Moisture:** Do not expose the bench to excessive moisture or direct sunlight, which can cause warping or discoloration.

TROUBLESHOOTING

If you encounter any issues with your HOMCOM Shoe Bench, consider the following common solutions:

- **Bench Wobbles:** Ensure all assembly screws are fully tightened. Check that the bench is placed on a flat, even surface. If the floor is uneven, consider using furniture pads to level it.
- **Difficulty Assembling:** Re-read the assembly instructions carefully. Ensure all parts are correctly oriented as shown in the diagrams. Do not force parts together; if they don't fit, recheck the steps.
- **Cabinet Doors Not Closing Properly:** Check the alignment of the hinges and ensure they are securely fastened. Adjust hinge screws if necessary to align the doors.
- **Damaged Parts:** If any parts arrived damaged or are missing, contact HOMCOM customer support for assistance.
